Sometimes we wonder whether God might not have made the world so rich and full just to teach His children humility

### With St. Andrew Seminarians

By JOSEPH W. DAILEY Bishop Kearney announced this week that the Rev. Daniel O'Keefe of the New York Apostolate had been engaged to be Retreat Master for the Holy Week Retreat for Seminarians of St. Andrew's Seminary.

Members of the Fourth Year of the Seminary assisted at funerals this week of parents of two of their members. Patrick Grace's father, Mr. George Grace was buried from the Immaculate Conception Church and Joseph Beattini's mother, Mrs. Annunziata Beattini, was buried from St. Patrick's Church in Seneca Falls. Fourth Year Seminarians served both funerals.

Twelve Seminarians of the St. William House donated blood Tuesday to the Blood Bank which was at the Town Hall in Gates for the day. Seminarians who donated blood represented the dioceses of Rochester, Syracuse and Buffalo.

The Seminarians are grateful to those who called the Seminary this past week and offered papers for the Newspaper Drive now being conducted at the Seminary. Proceeds of this drive will be used to purchase an organ for the St. John Fisher Chapel at St. Andrew's.

**"For the Love of Mike, Folks, Give Us a Break, Willy!"**

**Increased Demands of Rochester War Industries**  
**Keep the G and E Twins Stepping**

If there is one thing we have always prided ourselves upon it is the efficiency of our service to our customers. We intend to keep this service at as high a standard as changed conditions will permit. However, like every other company, our manpower has been hit by the war. We have more than fifty employees in the armed forces of the United States and this has required some adjustments. Then, too, our trained service men are giving more and more of their time to special servicing of the sixty-five Rochester plants that are turning out war materials. All of this means that at times we cannot do all the things we'd like to do for our customers . . . at at least we can't do them as quickly. Here are a few suggested ways in which you can co-operate:

**Meter Installations**  
Please give us at least twenty-four hours notice on all installations of electric or gas meters. Make every effort to avoid asking for installations on Saturday.

**Turn-Ons and Shut-Offs**  
Please give us at least 24 hours notice within the city and villages and 3 days notice in sparsely settled areas for turning on or discontinuing gas or electric service.

**Moving Days**  
When you move from one residence to another please let us know in advance as far as possible, so that we may have everything ready for you. Tell us where we can get the keys and make certain that our representative can get to the meters and gas appliances when he calls.

**Keep Extra Fuses On Hand**  
Keep a few extra fuses on hand. Then you won't have to call us when one blows. This will save you money and inconvenience. It will also save the time of our service men for war work.

**Emergency Calls**  
We are always at your immediate service of course, in cases of real emergency. Just call Main 3960.

Thanks. We know you'll be glad to help all you can.
