What You Buy With WAR BONDS

The Aerial Camera for use on Scout and Observation and Reconnaissance planes is essential to both the Army and Navy air forces in planning battle formations and in obtaining information on enemy fortifications and movements. They look something like a cannon, and cost about \$8,400 apiece.

The aerial cameraman can plot wide territories in bold relief so that Army or Navy intelligence can make accurate measurements of enemy territory. We need many of these cameras so necessary to the air arms of the Army and Navy. You can help buy them with your purchases of War Bonds. Invest at least ten percent of your income every pay day, and help your country go over its War Bond quota.

MSGR. RESPIGNI GRANTED TITLE OF EXCELLENCY

VATICAN CITY — His Holiness Pope Pius XII has granted to Msgr. Carlo Respighi, Prefect of Apostolic Ceremonies, the personal title of "Excellency" and has written the Prefect a letter recalling his many merits, particularly in the fields of liturgy and Christian archaeology, and praising his manifold activities which have been so fruitful for individual and collective piety.

The real proof of his love is not in remembering anniversaries, but in helping with the dishes—
