BERNARD
66

FURS FOR '42 are the theme of every woman's thinking in these days when both patriotism and feminine instinct suggest the advisability of selecting a garment for Winter wear that will combine warmth with style, thrift with investment value. And wise women look for shopping guidance in this field to the advertisements of furriers whose names connote expert knowledge and high integrity. (See pages 4-5-6-7-16 and 17).
