

Bishop Kearney Endorses Citizenship Education Move

Urges Catholic Aliens Take Advantage Of WPA Held Classes

Citing the cooperation given by Pastors and Assistant Pastors to the free Citizenship Education Class movement sponsored by the U. S. Department of Justice, Immigration and Naturalization Service, and co-sponsored by the Board of Education in Rochester, His Excellency Bishop Kearney has addressed a letter to the pastors giving the movement his heartiest approval.

The classes organized and financed by the W. P. A. Citizenship Education Project which trains and supplies teachers are conducted in various convenient centers.

His Excellency wrote as follows: Dear Reverend Father:

The free Citizenship Education Class movement in Rochester has exceeded all expectations. In point of number of students, classes and available centers, I am reliably informed that Rochester leads all cities in the State. In so small a measure has this been due to the hearty cooperation given to the movement on the part of the Pastors and Assistants of our churches.

Because of the large number of aliens in our diocese and the benefits to be derived by them from American Citizenship, and citizenship education, I wish to express my heartiest approval of this movement and urge upon all priests and parishioners to lend all possible aid in the furtherance of the movement.

These classes are part of a nation-wide Citizenship Education Movement, sponsored by the United States Department of Justice, Immigration and Naturalization Service, and co-sponsored in Rochester, by the Board of Education. Classes are organized, financed, and teachers trained and supplied by W. P. A. Citizenship Education Project. The course of study consists mainly in the study of English and the principles of our government. Visual aids in the form of well prepared cardboard graphs and illustration are supplied by governmental departments, and excellent speaking moving pictures, by the Board of Education.

The purpose of these classes is that of preparing our aliens for the duties, responsibilities and privileges of American citizenship. Aliens who are citizens of nations with whom we are at war are eligible for citizenship.

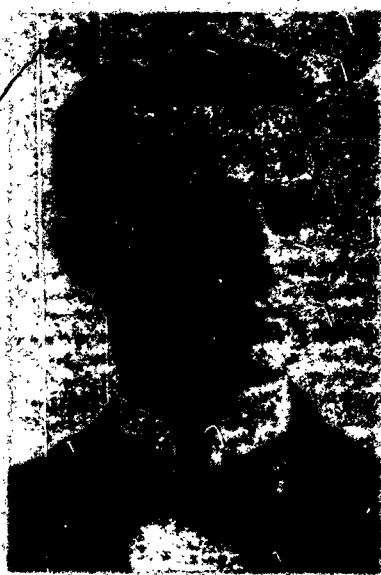

May I suggest that you encourage this worthy project through an announcement from your pulpit.

Sincerely yours in Christ, JAMES E. KEARNEY, Bishop of Rochester
