### To All Sodalists Of Rochester . . .

Miss Dorothy Willmann of The Queen's Work Staff will conduct an Institute at SS. Peter and Paul School Hall on Monday, Tuesday and Wednesday evenings, September 28, 29 and 30.

The Institute, as planned, will aim toward instructing and inspiring Sodalists for future activities. Since army Sodalities either elect or appoint officers and committee chairmen at the first fall meeting, it is urgent that the first meeting take place some time previous to the Institute. This will enable the entire council to participate and again join the routine of Sodality work.

### Postoffice Rules On Christmas Mail Going To Members of Armed Forces Abroad

Arrangements have been made by the Post Office Department in cooperation with the War and Navy Departments for the acceptance of Christmas parcels for members of our

armed forces serving outside the continental United States. In order that such parcels may reach the addressees on time and in good condition, Postmaster Donald A. Dalley has issued the following guide.

Time of Mailing—Christmas parcels and Christmas cards should be mailed during the period beginning October 1 and ending November 1, 1942—the earlier the better. Each gift parcel should be endorsed "Christmas Parcel."

Size and Weight—Shipping space is urgently needed. Therefore Christmas parcels shall not exceed 11 pounds in weight or 18 inches in length or 42 inches in length and girth combined. The public is asked to cooperate by voluntarily restricting the size of such parcels to that of an ordinary shoe box and the weight to 6 pounds. The members of the armed forces are amply supplied with food and clothing and mailers are urged to not include such items in gift parcels. Not more than one Christmas parcel or package will be accepted for mailing in any one week when sent by or on behalf of the same person or concern to or for the same addressee.

Preparation—Owing to the great distance this mail must be transported and the handling and any storage it must undergo, it is absolutely necessary that all articles be packed in substantial boxes or containers and be covered with wrappings of sufficient strength to resist the pressure of other mail that may be piled thereon in long transit. Furthermore, as each parcel is subject to censorship, delay in handling may be minimized by securing the covering of the parcel so that the contents may be readily inspected. Combination packages

such as miscellaneous toilet articles, hard candies, soaps, etc., should be tightly packed, in order that the several articles may not be loosened in transit, damaging the contents of the parcel itself or causing damage to the cover of the parcel. Christmas boxes should be enclosed in substantial containers. Candles in thin pasteboard boxes should be enclosed in wood, metal, or corrugated pasteboard. Sealed packages of candy, cigars, tobacco and toilet articles in simplest mercantile form may be enclosed within parcels without affecting the parcel post classification of such packages. Sharp-pointed or sharp-edged instruments, such as razors, knives, etc., must have their points or edges protected so that they cannot cut through their coverings and damage other mail or injure postal employees.

Perishable Matter—No perishable matter should be included in any parcels.

Prohibited Articles—Intoxicants, inflammable materials (including matches of all kinds and lighter fluids) and poisons or compositions which may kill or injure another, or damage the mails, are unmailable.

How To Address Parcels—Addresses must be legible. Parcels addressed to overseas Army personnel should show, in addition to the name and address of the sender, the name, rank, Army serial number, branch of service, organization, A. P. O. number of the addressee and the post office through which the parcels are to be routed, as, for instance, "c/o Postmaster, New York, New York."

Parcels for Navy personnel should show, in addition to the name and address of the sender, the name, rank, or rating of the addressee and the naval unit to which the parcels are to be routed, as, for instance, "c/o Postmaster, New York, New York." Parcels for members of the Marine Corps should show the rank or rating, full name and U. S. M. C., U. S. Marine Corps Unit No. (insert appropriate number), c/o Postmaster, New York, New York, or San Francisco, California (as instructed by correspondent) for any Marine Corps Unit located overseas. Units located within the continental United States may be addressed direct, using name, rank, organization and location.

Postage—Postage must be fully prepaid, the rate on parcels of fourth-class matter (that is, parcels exceeding 8 ounces) being the zone rate applicable from the post office where mailed to the post office in care of which the parcels are addressed. The third-class rate of 1 1/2 cents for each two ounces applies to packages not exceeding 8 ounces, except in the case of books, on which the rate is 1 cent for each 2 ounces.

Parcels containing only books conforming to the requirements prescribed therefor are acceptable at the special rate of 3 cents a pound. Stickers or labels resembling postage stamps are not permissible on the outside of parcels.

Permissible Additions—In addition to the name and address of the sender, which is required, inscriptions such as "Merry Christmas," "Please do not open until Christmas," and the like, may be placed on the covering of the parcel in such manner as to not interfere with the address, or on a card enclosed therewith. Books may bear simple dedicatory inscriptions not of a nature of personal correspondence.

Insurance and Registry Services—Mailers are advised to insure their gifts of more than ordinary value. Articles of considerable value, especially those of small size, should be sealed and sent first class registered mail.

Use of Money Orders—It is recommended that postal money orders be used to transmit gifts of money to members of the armed forces outside the continental United States. With regard to cash remittances, at many places where such forces are stationed there is a local prohibition against the importation of United States money, and it could not be used if received. However, domestic postal money orders can be cashed at A.P.O.'s wherever they are located, and they are paid in local foreign currency at the rate of exchange in effect on the date the orders are presented.
