

CORPUS CHRISTI PARISH

TUESDAY NITE PARTIES

Weekly parties graced services—On last Tuesday we inaugurated a new series of weekly Tuesday Nite Parish Parties. We were pleasantly surprised at the large crowd at this first party, which gives evidence of continued growth in attendance.

It may have been the increased award list, which we shall increase further as the attendance increases. Or it may have been the Committee which is enlarged for the better handling of the crowds. Or it may have been the new equipment. But at any rate it was a grand success and we want to express sincere appreciation to all who came.

We invite our people to attend these weekly parties. They are evenings of fun and profit. Come along! Bring your friends! Every Tuesday evening in Corpus Christi Hall (Main and Prime Streets) at 8:30 sharp. Five bus lines afford ample transportation.

Installs 4th Degree K. of C. Officers

Installation of officers of Rochester Fourth Degree Assembly, Knights of Columbus, will take place at the regular meeting, Thursday evening, Sept. 24, in the Assembly Chamber, Columbus Civic Centre.

Cyril J. Statt, Master of the Fifth Assembly District, Fourth Degree, Knights of Columbus, will induct the officers headed by Faithful Navigator Joseph A. Murphy.

A novel program of entertainment will be presented by Faithful Captain Eugene Bopp. Other officers to be installed are Faithful Admiral Charles F. Raymond, Faithful Pilot Frank M. Beaucaire, Faithful Comptroller James E. Martin, Faithful Inside Sentinel Frank Donnelly and Faithful Outside Sentinel Dr. Frank Masella.

Final plans for participation in the Fourth Degree Exemption at Elmira on Sunday, Sept. 2, will be made. The Rochester Assembly is joining with the other assemblies in the Diocese in furnishing candidates for the degree to be held in Dunn Memorial Auditorium of St. Joseph's Hospital at 2 P. M. A banquet will follow in Mark Twain Hotel.

Reservations for the dinner are being made with August L. Hall, 605 Garson Ave.

FHA Insures Loans For War Workers Home Remodeling

WASHINGTON, D. C. — Loans by private lending institutions now being insured by the Federal Housing Administration under Title I of the National Housing Act are playing an important role in the nation's wartime economy, Federal Housing Commissioner Abner H. Ferguson declared today.

For remodeling projects which provide additional living accommodations for war workers, loans of up to \$5,000 are available under Title I, to be repaid in equal monthly installments over periods of as long as 7 years. Qualified projects of this type must be located in the critical war housing areas designated by the President, within walking distance of the war activities served or of adequate public transportation. Occupancy preference must be extended to war workers.

Remodeling for war workers is strongly favored by governmental authorities because it affords a means of meeting part of the critical war housing need with minimum consumption of scarce war materials, Mr. Ferguson said. If assistance in securing critical materials is needed for such projects, application for a War Production Board preference rating order can be filed with the local FEHA office. If critical materials are on hand, application must be filed in similar manner for authority to proceed under the WPB's Conservation Order L-41, unless the total cost is less than \$200 or less than \$1,000 in the event that more than five families are to be accommodated, and new utility connections are not required.

The second broad phase of the wartime Title I program—con-

High School Religion Classes begin—Parents of boys and girls attending public high schools should think of the Religion Clubs at once, so that their children may report for the new fall classes on time. These, obtainable at the church doors or from the Principal of the High School, must be signed by the parents in order to release the boys and girls for these classes.

The importance of religious instruction is so evident that our parents and the boys and girls themselves should need no urging in arranging for attendance at our High School of Religion Classes. These classes are held each Monday afternoon in our parish school.

Novena Each Monday—Each Monday evening we hold Novena Services in honor of our Lady of the Miraculous Medal. These services, consisting of the regular Novena prayers, sermon and Benediction, begin at 8:30.

School Collection this Sunday—Our monthly school collection will be taken up this Sunday at all the Masses.

of particular importance because of the curtailment of new construction necessitated by acute materials shortages, and the reservation of new dwellings for occupancy by war workers. These conditions make it imperative that the supply of existing houses be kept in sound working condition for the duration of the war.

Maintenance work and essential repairs that do not change structural design are permitted without further authorization under Conservation Order L-41. Title I loans for such work may be secured in all sections of the country in amounts up to \$2,500. Maximum terms are subject to the Federal Reserve Board's regulations governing installment credit.

Loans financing the conversion of oil burners to the use of other fuels, or the installation of storm doors, storm windows, weatherstripping and insulation constitute the third broad field for wartime Title I lending, which has assumed special importance because of the urgent need for reducing fuel oil consumption in areas of short fuel oil supplies. Loans for such purposes were recently exempted by the Federal Reserve Board from its consumer credit regulations. In such cases, therefore, Title I loans of this type may run for as long as three years—the maximum permitted by the National Housing Act for regular Title I loans.

Conversion of oil burners does not require WPB authorization under Order L-41. Installation of insulation also may be made without specific authority unless the total cost exceeds \$200, in which case application can be made in
