HEADS CHAPTER

Michael J. Leary

Chapter Regional K. of C. Meeting Set In Rochester, Oct. 18

First meeting of the Central New York Chapter, Knights of Columbus, under the chairmanship of Michael J. Leary of Ithaca, will be held in Rochester on Sunday, Oct. 18. The meeting will be held in conjunction with a regional meeting called by State Deputy Hugh A. ... of New Rochelle. The meeting had been originally set for Auburn.

Details of the meeting are being worked out by a Rochester committee with District Deputy, Dr. Walter B. O'Neil in charge.

The date and place were selected because Supreme Knight Francis P. Matthews will come to Rochester on that day for a Communion Mass and Breakfast to be sponsored by Rochester Council.

Michael J. Leary of Ithaca was elected Chairman of the Central Chapter at a meeting in Syracuse, with him, the Chapter officers are: Vice Chairman, Francis Kelly, Auburn; Treasurer, John Larkie, Syracuse; Warden, Thomas Masten, Seneca Falls; Inside Guard, Dr. W. Bingham, Bolton; Outside Guard, George Townsend, Newark; Executive Committee, F. Clifford Curtin, Syracuse; Lawrence Kane, Binghamton; Bernard Matthews, Waterloo, and Secretary, Frank Rogan of Ithaca.

The combined meetings were arranged to conserve time and gas in the emergency, Chairman Leary states. The Chapter includes 22 councils in the central area of New York.

According To The Doctor

SOAP AND WATER

There is an old story of some English wisecracker who came in from a hot afternoon of golf or something, and found himself without enough time to clean up, before dinner, in formal style was announced. So, he pranced into his place, sat down, and found himself betwixt two fastidious ladies of the pince-nez and lognette.

In a few moments, one of them turned to him scornfully, sniffed and said:

"My word, Suh, you smell bad, really you do!"

The victim chuckled, answered: "You'll pardon me, lady, but your grammar is faulty. It is you who smell I stink."

The corpsus homini usually doesn't need an eight-hour day of toil, or a perspiring round of sport to become stinky. A person generally uses enough soap and water to keep clean and smell clean in hot weather, but otherwise—well, taking chances for a day or two does incommode those with whom he associates.

The insidious thing about it is that one may not notice the condition—a sort of silent B.O. that is very apparent and bothersome to others.

So, for health's sake, for the joie de vivre of your company, use soap and water regularly. From crown to toe, bath. Daily. Water, hot and cold, can do wonders for that tired feeling, and that dejected mind.
