## SCOUT LEADER IN ARMY

The United States Army is richer this week in the possession of one of St. Boniface's well known sons, Milton V. Schaefer, Scout leader of Troop 200, left last Friday for Fort Niagara.

"Milt" built up and made Troop 200 one of the most outstanding in the city. He was a leader among the boys and will surely take his rightful place among the soldiers of this war.

His boys and his friends wish him good luck and a safe return.

## NEW SCOUT LEADERS

Norman Metzger and Robert Cook will be the new leaders of Boy Scout Troop 200, replacing Private Milton V. Schaefer. Congratulations.

## "THE ETERNAL CITY"

On Thursday evening, Dec. 18, the beautiful and inspiring picture, "The Eternal City," will be shown in the school hall on Whelan St. The picture is the Holy Sacrifice of the Mass in its entirety and is narrated by Monsignor Fulton J. Sheen.

## Archconfraternity Lists Communion Breakfast

Members of the Archconfraternity of the Holy Family, single women's branch of St. Joseph's Church will receive Holy Communion in a body at the seventy-third mass on Sunday, Dec. 6.

Breakfast will be served directly after in the basement of the school hall and the committee appointed by the President Marie Mayer will be the Misses Lela Angle, Loretin Angle, Elizabeth Fischer and Marion Caswell. The Rev. Joseph Wisniewski, C.S.S.R. will conduct a conference on a subject of interest suitable for the occasion.

Members are reminded to make returns in the food campaign during Sunday.

What? May I help you with that party? What? What is your party? What? I don't know any party. What? Party? Oh, from the mass? I thought you might wish to be dragged along.

## Owners' Duty To Keep Homes In Sound Repair

There are many important repairs and replacements that should be made in your home before the winter season sets in.

Loose shingles, loose steps, and loose bricks and clap-boards should be discovered and repaired before they cause serious damage. Downspouts and gutters require checking to determine that they are in condition to withstand the strenuous treatment they will receive during the winter months.

Home repairs should never be neglected, but this fact is more true and more important now than ever before. With new home building restricted, every home owner has a definite obligation to keep his property in sound repair and good working order.

Repairs that are neglected become more costly and more difficult to make later on. Today, with a ban placed on critical materials, the importance of making all essential repairs the moment they are noticed cannot be overemphasized.

Water pipes, for instance, that are located near a cellar window should be properly covered to insure against the possibility of freezing. Neglect of this can easily lead to a burst pipe. Pipe, like all other metals, is on the war materials critical list, and replacement parts are difficult to obtain. This is just one example of how neglect can prove costly to the home owner. Every effort should be made to maintain homes in sound working order. This is true from a standpoint of patriotism as well as sound economy.

Loans to finance necessary home repairs may be obtained from any lending institution qualified to make FHA-insured loans.

## Church For Colored

Chicago.—Holy Name of Mary Church, Chicago's newest parish for the Colored Catholics has been dedicated by the Most Rev. Samuel A. Stritch, Archbishop of Chicago, who founded the parish during the first months of his archbishopric here. The Rev. Vincent Smith, S.V.D., Colored priest, offered the Mass.
