

St. Bona Students Use Silver Dollars To Show Spending in Town

ST. BONAVENTURE — Two thousand twenty silver dollars circulating through Clean New York recently brought back memories of stories of the Golden West to citizens of that vicinity—the "planchering days" when all westerners carried the old "cartwheels" instead of paper money.

Counting reports of how much money the students of St. Bonaventure College spent in the neighboring city instigated this idea by the Junior Class at that college to advertise their Promenade and, at the same time, to show the people of Clean that their patronage and support of St. Bonaventure College activities were appreciated by the students.

POLLS LACKING PROOF

Polls held by the Business Department of the College, under the direction of Professor James L. Hayes, showed that the students spend from \$200 to \$300 in the neighboring city monthly. However, since their figures seemed rather high in consideration of the fact that only about 200 regular students attend the college, the plan of using the new obsolete silver dollars was devised this year. William Neuman, Treas. of the Junior Class, was in charge of the Silver Dollar Program.

Commencing Nov. 4, the College Treasurer's Office obtained 200 "cartwheels" from the First National Bank of Albany. This supply was rapidly exhausted, and it was necessary to wait a couple of days until further supplies could be obtained from the Clean First National Bank, the Clean Trust Company and the Exchange National Bank of Clean. Students changed their paper money to silver up to Nov. 20, the date of the Promenade.

Thus, the plan was in operation for less than two weeks, due to necessary delays in obtaining the silver supply—substantiating conclusively the polls of the Business Department and showing the citizens and businessmen of Clean that the "Four Hundred" of St. Bonaventure actually pass over \$50,000 annually over the counters of Clean business establishments.
