Nine ambulances were presented to the Government for war use by the Cleveland Diocesan Council of Catholic Women, as the result of a six weeks' campaign intended for the purchase of only one ambulance. Secretary of the Treasury Henry Morgenthau, Jr., has acknowledged the generous gift, costing approximately \$4,000. The ambulances are pictured on display in downtown Cleveland shortly before formal presentation ceremony, at which Col. Frederick Harry Wright represented the Surgeon General of the Army. (N.C.W.C.)

Biblical Sunday To Stress Reading of Testament

NEW YORK—The encouraging of the faithful to read the New Testament daily, particularly during the Lenten season, is to be stressed in the observance of Biblical Sunday, which will take place on Septuagesima Sunday, Feb. 21, it is announced by the Rev. Joseph L. Lilly, C.M., Secretary of the Catholic Biblical Association of America.

Special attention has been called to the observance of Biblical Sunday this year since it will mark the golden jubilee of the famous Scriptural Encyclical of Pope Leo XIII, *Providentissimum Deum*.

The Catholic Biblical Association has prepared and will distribute to parishes and to Catholic institutions posters to remind of the observation. The Confraternity Edition of the Revised New Testament, accompanied by the recently published "Commentary on the New Testament" also are to be made available.

To supplement the private reading of the Scriptures, the Catholic Biblical Association also has prepared a program of instructions for the use of the clergy during the Lenten season. A letter has been sent to principals of all Catholic schools suggesting that students be made acquainted with an outline of daily reading from the New Testament.

FEBRUARY 28 NAMED RED CROSS SUNDAY

Eminent leaders of the several religious faiths of the United Nations, at the request of the Red Cross, have designated Feb. 28 as Red Cross Sunday and Feb. 27 as Red Cross Sabbath. Identification of these two days with the Red Cross will herald the opening of the 1943 Red Cross War Fund campaign for \$125,000,000 which will be conducted during March. Norman H. Davis, chairman of the organization, has announced.

With the support of the various faiths, spiritual leaders the country over are being requested, through Red Cross chapters and by letter, to urge their flocks to give full support to the War Fund campaign, and thus make provision for the humanitarian work of the Red Cross throughout the year.

Compassion, pity and aid are the essential qualifications exemplified by the Red Cross, and it is hoped that every pulpit in America will be an interpreter of these eternal verities on the days set aside for this purpose, the Red Cross stated.

To the extent that the public appreciates the nature of the need and the magnitude of Red Cross tasks, support of the War Fund campaign will be forthcoming. In spreading an understanding of these facts and the deeper mean-

Missionary Survives Torpedoing

SILVER SPRING, Md.—The Rev. Marin Bone of the African Mission Fathers, a native of Millville, Mass., spent ten days at sea in a small lifeboat with 24 other refugees after the freighter on which they were travelling to this country was torpedoed in the Atlantic by a German submarine.

Arrived now at the Queen of Apostles Seminary of his community here, Father Bone has little to say of his harrowing experience and subsequent suffering, but much to say of the generous hospitality of those who gave relief to the refugees, first at Barbados and later at Trinidad.

Father Bone told of kind treatment received from the Sisters at

Youth Over 14 Denied Religious Training

ZURICH, Switzerland.—The dictation that it is virtually impossible to teach religion to the youth of Germany after they have attained their fourteenth year is contained in the pastoral letter on religious education of the Most Rev. Joseph Frings, Archbishop of Cologne, according to *Das Neue Volk*, Swiss Catholic periodical.

The Swiss publication quotes Archbishop Frings as saying: "The clergy has been prevented from including religion in the curriculum of the State schools. Religious instruction of youth, therefore, has been reduced to a minimum or entirely excluded. It is impossible to maintain any system of instruction since more and more children are being sent to the country to work."

The publication stated that the Archbishop had announced the organization of religious instruction classes by the clergy outside of school hours.
