Holy Redeemer Parish

YOUTH CLUB MEETS

Young men and women of the Holy Redeemer Youth Association were entertained at their monthly meeting by the showing of color motion pictures. The Rev. Raymond G. Hebel of St. Anne's Church showed some of his famous movies. Father Hebel has won national honors at the field of photography. He writes his own scenarios, directs, photographs, edits the film, and makes his own sound recordings.

The H. R. Y. A. has been sponsoring a series of Friday night dances at the Parish Hall. The last of the Pre-Lenten series will be held on Friday, Feb. 26.

SACRED HEART SOCIETY

The women of Holy Redeemer parish assisted with the Sacred Heart Society held their annual election. The officers for the coming year are: Mrs. Arnold Streb, President; Mrs. John Hermann, Vice-President; Mrs. William Farrell, Secretary, and Mrs. Edward Schmidt, Treasurer.

One of the projects of this year

is a drive for increased membership, which the women of the parish are actively supporting. At the last meeting, Mrs. Robert Roth presented interesting motion pictures.

HOLY NAME SOCIETY

The men of the Holy Redeemer Holy Name Society had, in connection with their monthly meeting on Sunday, Feb. 1, a service in Church. The speaker was the Rev. Bartholomew O'Brien of St. Patrick's Church. Father O'Brien delivered an inspiring message to the men of the organization. The men of the Society now serving in the armed forces were especially remembered in prayer.

NOVENA SERVICES

An increase in attendance has marked the Novena services held every Wednesday evening at 7:30 in Holy Redeemer Church. Post-War Reconstruction Views Of Verein Studied

The resolution "Post-War Reconstruction" adopted by the national organization last August was the subject of discussion at the regular monthly meeting of the Catholic Central Verein, Rochester Branch, last Sunday afternoon. The local branch of the National Catholic Women's Union was the guest of the men's branch.

Particular stress was laid upon paragraph number one and two. Paragraph number one reads as follows:

"1. Men must return to God and recognize the sacredness of His immutable laws, the denial of which is responsible for present conditions. Without God there can be no lasting peace or firmly established political or social order."

It was pointed out that most of the plans for post-war reconstruction approach the subject from the materialistic viewpoint and were concerned solely with material things.

Mothers of Work

Paragraph two refers to the position that the family must hold in the social order. Those speaking on this phase of the question indicated that something must be done and done quickly in regard to the number of mothers with minor children who are going to work. Particular instances were cited which show that the situation at the present time is very serious.

Attention of the meeting was called to the articles appearing in the CATHOLIC COURIER for last week in regard to Biblical Sunday. The members were urged to read carefully these articles and to obtain and read the Encyclical of Pope Leo XIII On the Reading of the Holy Scriptures.

Ecumenical Creed

The attention of the meeting was also called to the Ecumenical of Pope Leo XIII On Christian Democracy. In view of recent discussions, it was stated, reading of this encyclical and acquainting oneself with its contents is opportune.

Election of officers for the ensuing year was held and resulted as follows: Spiritual Advisor, Very Rev. Stephen W. Aulbach, C.S.B.; President, William T. Fuehrer; First Vice-President, William Wittman; Second Vice-President, Rudolph Schwenzler; Recording

Secretary, Charles M. Mura; Financial Secretary and Treasurer, George Kasman; Guard, Raymond Hermle; Executive Committee, Philip H. Donnelly, August M. Mader, Joseph H. Gervais, Harry DeCocq, Martin Spindler.

Local Group's Work

The officers were installed by Father Aulbach. In installing them he stated that there never had been a time in the history of the country when organizations devoted to such work as the Central Verein engaged in were so necessary. He stated further that it is very important in times like these to have moral principles brought to the attention of the people generally and in particular to the attention of those planning the affairs of the country.

A report was made of the work of the parish credit unions during the past year. It was shown that they are in a sound condition and are performing a worthwhile service to their members.

The agitation committee reported that it had visited several of the affiliated societies and found there a keen interest in the work of the Central Verein.

Richard F. Hermsdorff, president of the State Branch, was present and addressed the meeting. He complimented those present on turning out in such large numbers. He said that it cheered him to visit the Rochester Branch and observe the work that they were doing. He announced that plans were well under way for the holding of the State Convention at Elmira in September of this year, and gave praise to Rev. Theodore Winterroth and the local committee at Elmira for the work they are doing.

Aids Missions

Belleville, Ill. — The annual report of the diocesan director of the Society for the Propagation of the Faith in this Diocese, the Rev. Frank A. Kaiser, pastor of St. Luke's Church here, shows an increase of 24 per cent in total contributions to the mission cause over collections during 1941.

A Message To Boys and Young Men

POINTING OUT THAT destruction of street lights, globes and fixtures for the first six weeks of this year has not only wasted a substantial quantity of vital materials, including tungsten, but that the cost of replacement would purchase more than eleven thousand rounds of ammunition for the 50-caliber anti-aircraft machine guns used so effectively by the Marines and the Army in the Southern Pacific warfare, E. H. Schieter, Superintendent of Line Operations for the Rochester Gas and Electric Company today appealed to the patriots of all boys of this area to help stop the brookage.

"For the first six weeks of this year," said Mr. Schieter, "a total of 2,110 lights, globes and fixtures were broken. The replacement cost is about \$2,700. Many of the boys who break these lights probably do so thoughtlessly, without realizing that they are causing the expenditure of metals, manpower and money that are needed to win the war."

The Rochester War Council, through its Conservation Committee, is cooperating in the campaign to bring about a decrease in the breaking of street lights and appeals are being made through the various radio stations and the columns of the newspapers. The heavy snow of the past five or six weeks is believed to be partly responsible for the increased number of lamps that have been broken, as throwing snowballs is one of the most common methods.

"When you throw a snowball at a street light, you're hitting Uncle Sam," says Mr. Schieter. "Patriotic American boys won't do it."
