## ROCHESTER DIOCESAN COUNCIL

National Council of Catholic Women  
Office - Catholic Evidence Library  
Main Floor, Columbus Civic Centre

While there is a notable change in this year's diocesan regulations on Lenten fasting and abstinence, let us give heed to our Bishop's exhortation to increase our spiritual observance of the Lenten season, remembering the duty of prayer and self-denial never ceases.

We are informed by the Group Activities Committee of the Rochester War Council that the work undertaken to recruit volunteers for the War Effort by our Catholic organizations has been completed. Names of additional volunteers may be added at any time.

Our volunteers are eligible for membership in the United States Citizens Service Corps when they

meet the following qualifications for membership:

1. 50 hours of community war service since Nov. 2, 1942.
2. Registration in the Rochester Volunteer Office, in the Civic Exhibits Building.

The following letter to all our women's organizations by Mrs. Stafford L. Warren, Chairman of the Consumer Committee of the Rochester War Council, speaks for itself:

With rationing problems increasing and the job of the homemaker getting harder, the Consumer Service of the War Council should help individual women manage their own wartime shortages more easily, and spread a spirit of cooperation and intelligent optimism throughout the community. Experience shows that you can't do good work among women in Rochester without the help of the women's organizations. Up to the present time, we haven't had a specific job for each organization, and we have omitted, in the face of very full days for homemakers, a big meeting to get your understanding and support.

But we do need you! Could you make this letter take the place of a meeting - get acquainted with your War Council Consumer Service, make suggestions for its improvement, and advertise it? It is a city service, paid for out of your tax money. Will you do these few things now to make it more effective:

1. Appoint a consumer representative and send us her name. Ask her to visit the Consumer Information Center in the Civic Exhibits Bldg., and to report at your meetings on the wartime suggestions we send her by mail.
  2. Tell everyone about the Consumer Information Center. The Director, Mrs. May Benedict, is on duty every day from 9-3, and can help with rationing, recipes, methods of cleaning, repairing, conserving, etc. She has pamphlets for free distribution, and a wealth of material on every sort of problem. Come in or telephone Main 6133.
  3. Announce the weekly demonstrations at the Center, every Friday at 2:00. An expert solves "the problem of the week," and they have been good!
  4. Listen to radio program every Wednesday between 5 and 6:00. WHEC. Read newspaper columns: Questions and Answers every Sunday in the Democrat and Chronicle; Stick Talks every Saturday in the Times Union. Make suggestions.
  5. Ask your members or friends who have had nutrition courses to volunteer as aides in the grocery stores. More aides are needed to help women buy nutritious food under rationing. Call Red Cross to arrange for extra training sessions, and to be assigned to stores near your home.
  6. Read the enclosed list to your members or post it on your bulletin board. These homemaking centers are an invaluable resource at a time like this, and should be used.
