

Publish Chaplain's Digest At N. D.

NOTRE DAME, Ind.—The Chaplain's Digest, published for the Catholic members of the United States Armed Forces, is the work of the Notre Dame student committee and the Notre Dame Council of the U. S. of C. Three editors have worked on the publication.

Misses started the Rev. John Lynch, O.S.A., to originate the work after the first issue. The Rev. Margaret Johnson, O.S.A., editor of the most recent issue, is now preparing himself and the issue first published for April to the work of the new editor, the Rev. Charles Sheedy, O.S.A.

The Digest is a compilation of the work of the chaplain's committee, edited by William J. O'Connell, O.S.A., military chaplain.

San Diego—With ceremonies in the sanctuary of St. Joseph's Cathedral a U. S. Treasury Department "Warrior Mail" flag was blessed and awarded to the students of the Cathedral Girls High School—the first school in San Diego County to be awarded the emblem of outstanding participation in the purchase of War Bonds and Stamps.

Notre Dame Scientist Receives Recognition

NOTRE DAME, Ind.—Albert F. Zahm, Notre Dame alumnus and former professor, now occupying the Guggenheim chair of Aeronautics in the Library of Science, is given substantial recognition in a new book, "The First Century of Flight in America," just published by the Prince Press.

Jeremiah Milbank Jr., the author, traces the early balloon flights and brings America into the early years of the establishment of successful aviation. Dr. Zahm's experiments with gliders on the Notre Dame campus are mentioned, and much significance is given to the first aeronautics congress in America, held in 1853 through the efforts of Dr. Zahm and Octavo Chanute.
