WASHINGTON — (NC) — The Rt. Rev. Msgr. Joseph Aloysius Burke, pastor of St. Mark's Church, Buffalo, has been named Titular Bishop of Vita and Auxiliary to the Most Rev. John A. Duffy, Bishop of Buffalo, it is announced in word received from the Vatican on Apr. 20 by the Apostolic Delegation here.

The newly-named Bishop was a United States Army chaplain in the first World War and saw service on the Belgian front.

Bishop-designate Burke was born in Buffalo, Aug. 27, 1886. His parents, Joseph S. and Amelia (Howard) Burke, are deceased. He attended Canisius High School and Canisius College in Buffalo, and made studies at Innsbruck in Austria from 1907 to 1912. He was ordained to the priesthood in St. Joseph's Old Cathedral in Buffalo by the late Bishop Charles Henry Colton, Aug. 3, 1912.

In addition to being a Parochial Consultor, Bishop-designate Burke is a member of the Bishop's Committee for Catholic Charities in the Diocese of Buffalo, the Board of Directors of the Catholic Pamphlet Society, and the Board of Directors of the Buffalo Diocesan War Council. Oppose Publication Of Book On Russia

NEW YORK (NC) — An attempt at pre-publication censorship through a pressure campaign of intimidation was revealed here today by officials of the Book-of-the-Month Club. The club has been flooded with protests from members of radical organizations against the book, "The Fifth Seal," an English translation of the Russian novel by Mark Aldanov. The burden of complaint is that the book is anti-Soviet and that it constitutes a menace to Russo-American amity.

Officials of the club have characterized the protest campaign as "a tempest in a samovar." The book came off the press today and is the May choice of the club, which has 400,000 members throughout the country. According to the club management, many of those who sent in protests either admitted they had not read the book or made that fact known by their own comment.

Instanced was a letter of resignation sent to the club by Professor Dorothy Brewster of the English faculty of Columbia University. The campaign to prevent publication of the book was launched, the club management said, by the literary editor of The Daily Worker, a Communist publication. Copies of her letter were broadcast to radical groups.

Spurs Knights of Columbus Quest For $36,000 Quota In Nation's Bond Drive

Half of the $36,000 quota for the Elmira Council, Knights of Columbus, has already been pledged, Chairman Harry J. Lagonegro announced at a rally held Monday night in Columbus Center. The $18,000 total to date represents only a few subscriptions.

With an appeal by the Rev. John R. Randall, managing editor of the COURIER-JOURNAL, to "give until it hurts, for it will hurt a little more if we come out on the short end of this fight," $18,000 were pledged within five minutes. Father Randall described the suffering and bravery of our men in Africa, Guadalcanal, and all fronts, adding that this is also our war, and we must give to avoid coming under the domination of Nazi tyranny.

Mr. Lagonegro announced that letters have been mailed to 500 members, with pledge cards and instructions for the drive. Each member is expected to "win the volunteer corps to enlist neighbors, associates and friends, in order to conduct any personal mission by the original army of volunteers under Chairman Ryan.

Pointing that Elmira Council has 120 members in service, Grand Knight Basil Vaillancourt asked the Knights to mail a bond in their name, to insure their safe return.

Another dinner meeting will be held at the Columbus Center on Tuesday, Apr. 27.

Grace Comes Daily

Some people always have one eye on the past and the other on the future, instead of both on the present. Do not waste time deploring the past and being apprehensive of the future. Grace will be given to meet each day the difficulties of that day.—Fr. Considine, S.J.

MORE 'VAR BOND SALES in the Knights of Columbus Freedom' Month campaign are being planned (from left) by the Rev. John R. Randall, Managing Editor, CATHOLIC COURIER, and Diocesan War Activities director; Elmira Council's Grand Knight Basil J. Vaillancourt and District Deputy Harry J. Lagonegro, chairman.

'Victory Corps Bill' Opposed As Control Peril

WASHINGTON (NU)—Asserting that the "Victory Corps Bill" now before Congress "would give the United States Office of Education the power to control the curricula and activities of the secondary schools of the country during wartime," the National Catholic Educational Association has approved the opposition to this measure in a [illegible] resolution to the House Committee on Education and Labor.

Under the direction of Rev. John K. Ryan, Superintendent of Schools, the High School Victory Corps was organized in all the high schools of Rochester diocese in November 1942.

Today the Victory Corps is functioning in all schools of the diocese and the success of the program depends upon the local school. The program extends to outside school activities as well as changes in the curriculum. Physical fitness programs, courses in safety activity, preflight aeronautics, mathematics and science courses devoted to the war program have been initiated.

At a meeting of the School Superintendents' Office of the Diocesan Catholic Education Association held this month the opposition resolution was adopted by a representative of the Victory Corps explained that the program was not to supersede the responsibilities of public control of the administration of the high schools. On the contrary, it was essentially true that it was to supplement and to stimulate that work in order to help win the war, and while the local control

Writing in the name of the N. C. E. A., of which he is Secretary General the Rt. Rev. Msgr. George Johnson [illegible] Director of the Bureau of Education of Utah, Chairman of the Legislative Committee, that the Association "does not object to the Victory Corps as such," and that "many Catholic secondary schools are participating in the program." He adds that the N. C. E. A. opposition is to the present Bill, which would appropriate $6,000,000 a year and which provides that the Federal Government shall pay the salaries of "State directors of a High School Victory Corps, of supervisors of physical fitness, aeronautics, mathematics, physics, chemistry, and of occupational information and war service counseling."

Msgr. Johnson says such directors, as a consequence, would "assume the instruments whereby the Office of Education would influence the secondary schools to adjust their organization and curricula so as to meet what it considered the proper requirements for a program for the preparation of youth for wartime service."

This, he declares, "would constitute an unwarranted intrusion on the part of the Federal Government into the affairs of our American secondary schools."
