ROCHESTER DIOCESAN COUNCIL

National Council of Catholic Women
Office—Catholic Evidence Library
Main Floor—Columbus Civic Centro

At the request of Rochester Red Cross, our Rochester Deanery secretary is sending a letter to representatives of our Catholic organizations urging their members to sign up for the Red Cross Home Nursing Course.

This course is designed to increase the individual's resourcefulness in the prevention of illness, the promotion of personal, family and community health, and the home care of the sick in the event of minor illness and emergencies. Physicians, nurses, dentists and dietitians are being withdrawn in increasing numbers from civilian to military service to give essential care to our ever expanding military personnel. Because of the acute shortage of nurses, thousands of young women are being recruited as students in nursing schools to help fill the gap and supplement the work of professional nurses in hospitals and clinics.

Young women are being trained as volunteer nurse's aides. But this is not enough. At least one member in every family should learn how to handle his own and his family's health and sickness problems more effectively. The

Red Cross Home Nursing course provides this opportunity to strengthen and fortify the home front by showing Mr. and Mrs. Average Citizen what to do when "they're on their own."

- The course offers the individual an opportunity to learn:
- 1.—Simple nursing procedures that help the homemaker keep a sick person clean, comfortable and well nourished. Nursing care is always given under the orders of the physician.
 - 2.—How to recognize early signs of illness and what to do to protect members of the family from communicable disease.
 - 3.—How to take care of infants and young children.
 - 4.—Those measures which protect the health of the individual, the family and the community.

Sight-Seeing Restricted At St. Peter's Basilica

LONDON.—Restrictions on sight-seeing in St. Peter's, Rome, have been issued by Cardinal Teatichini, Archbishop of the Basilica, Vatican Radio announced.

In the future sight-seers will not be admitted before 10 A. M. on ordinary days and before 1 P. M. on certain major feast days. Visits will be forbidden altogether when solemn functions are taking place in the Basilica.

Wipe then cover and cook over boiling water for 1/2 hour.

1.—Pour mush into wet bread pan about 7-8 inches or into 2 wet baking powder cans, 1 lb. size.
2.—Cook, let stand until firm and chilled.

3.—Turn out of pan or can, slice 1/2 inch thick, dip in flour.
4.—Heat small amount bacon fat or other meat drippings in heavy frying pan and fry mush on both sides until golden brown.
5.—Add a little more fat from time to time as additional slices are browned. Too much fat in beginning causes slices of mush to break and not brown.

6.—Serve with dinner meat with gravy or with syrup for breakfast with crisp bacon. Serves 6—about 15 slices.

GNOCCHI

1.—Prepare corn meal mush as for Fried Corn Meal Mush and mold in bread pan. Cut in 1-inch squares.

2.—Arrange in 1 quart casserole dish, using 1/2 lb. cheese sliced over each layer of mush and season with salt and pepper.

3.—Add 1 cup milk, cover and bake in a moderately hot oven (400°F) 20 minutes. Uncover, bake until brown, allow 15 minutes.

They are troubled about many things. But one thing is necessary.

ON THE HOME FRONT

MAKING SEW-ON CHAIR COVERS

Sew-on covers of chintz or other smart cottons are always neat and trim and, since the pieces are all sewn to the old upholstery of the chair with rather long stitches, it

is not difficult to remove the cover for washing or cleaning. It washed at home it is much easier to handle separate pieces than an entire slip cover.

A sew-on cover should be fitted with a 4-inch tuck-in around the spring seat and 1-inch seam allowances. Use tailor's chalk to mark stitching lines and indicate pieces to have welting stitched to edges. Here, welting is used for the side seams of the inside center back section; across the front of the seat; for the top and bottom of the outside; and all around the front of the arm sections. The sketch shows how welting and un-welting pieces are sewn in place. The welting hides the stitches if you use heavy duty thread matching the cord covering.

NOTE: The new BOOK 10 of the series of booklets offered with these articles gives other valuable pointers on making both sew-on covers and removable slip covers. Book 9 gives directions for repairing the springs of chairs before covering them. Book 8 and 14 are 15c each plus 2c each to cover postage and handling.
