Lowe Brothers HIGH STANDARD HOUSE PAINT

ONE GALLON
COSTS ONLY.....

\$3.50

LOTS OF PEOPLE make a big mistake in figuring the cost of house paint. They look at its price per gallon, but that's all wrong. What they really pay for is coverage per gallon. That's why it's just common sense to use Lowe Brothers High Standard House Paint. It's definitely a quality paint and it covers solidly over square feet of surface, so it spreads evenly and easily, cuts down the labor and cost, lengthens the time between repainting. It just naturally goes farther and lasts longer to save money all the way!

100% Wool Blankets

Irregulars Of
\$12.95 Quality **\$7.69**

Here's pure virgin wool woven into the firmest, most durable blankets America's great mills could produce.

Why can YOU buy these army blankets? Because they are "irregulars" released by the government for retail distribution. Most are two perfect pieces joined by a rip-proof seam near one end. Others are one piece with neat mends that in no way impair their wear (and how they wear! Many U. S. Army blankets of 1918 are still in use!).

ROCHESTER DIOCESAN COUNCIL

National Council of Catholic Women
Office—Catholic Evidence Library
Main Floor—Columbus Civic Center

OUR NATIONAL PRESIDENT'S MESSAGE

May 23 brought to a close another summer of the National Catholic School of Social Service. Twenty-eight more girls are prepared to take their places in the war and post-war rehabilitation programs. It is indeed gratifying to the National Council of Catholic Women to know that each year our School is sending out an increased number of girls prepared to serve humanity—giving not just a material service, but seeing Christ in the eyes of those whom they serve.

While this trained service of the Catholic social worker is so important, of even more importance is the service of the volunteer through the N.C.C.W. For if we wish to be even ordinary friends of Christ we must love our neighbor. What is our neighbor? The whole world. All are His children. We must get this idea firmly established in our own minds and then, through our volunteer service, we can be most helpful to our neighbors in their tremendous task of World War Service.

In many disease-prevention already begun; we find ourselves groups endeavoring to improve the thinking, the customs, and the needs of foreign countries so that they may better understand other nations. We are seeing them as part of the Mystical Body of Christ and remembering that Christian Unity is something to be regained by those who have lost it.

The Catholic-trained social worker and the volunteer must work together to bring back into the world a greater love for Christ. Many difficulties and much opposition will have to be overcome, but remembering during this month of June, the greatness of the love of Jesus for all mankind, we throw aside all our doubts and fears and with hearts full of love for God and our neighbor we offer our services to our Bishops. We beg them to call upon us in whatever capacity we can be of service, placing our trust in the Sacred Heart of Jesus.

MISS MARJORIE MAE BOEVING
FONBONNE COLLEGE

First In History To Get 'Family' Degree

ST. LOUIS, Mo.—Miss Marjorie Mae Boeing of Poplar Bluff, Mo., is the first person in history to be graduated from college with a degree in "Family." She is the first to complete the unique "Family Major" course at Fonbonne College here. The course was originated by Dr. Alphonse H. Clemons, A.M., Ph.D., director of the Department of Economics and Sociology, at Fonbonne, to prepare young women for Christian marriage. The Papal encyclicals on marriage are stressed in the course, which is the only major of its kind. Miss Boeing received her degree from the Most Rev. John J. Gleeson, Archbishop of St. Louis, at the recent commencement exercises.

Mother Of Seminarian First Woman Bus Driver In New Orleans

NEW ORLEANS (N. C.)—The mother of a seminarian is the first woman bus driver of the New Orleans Public Service. She is Mrs. Angel Satogue Sarpy, 23 years old, who cares for a house in addition to driving the bus. She was one of the first two women to solo on streetcar motorwomans, a recent innovation in New Orleans, caused by war conditions.

Mrs. Sarpy learned to drive a truck when she owned a dairy some years ago. Her husband is a member of the New Orleans fire department. Her son, Roger Bergeron, is at St. Joseph's Seminary, St. Benedict, La.

Example Of Catholic Nurse Leads Survivors Of 'Centaur' Sinking To Seek Instructions

MELBOURNE.—Survivors from the illuminated hospital ship "Centaur," which was torpedoed by a Japanese submarine off the eastern Australian coast, included Sister Savage, a Catholic, sole survivor among 12 nurses who were in the party that drifted 36 hours offshore on a raft.

While the raft drifted, the Catholic nurse led the survivors in the recitation of the Rosary, following a life-time habit which she declared was formed by home-training. She also invoked the intercession of the Little Flower of Jesus and St. Christopher. When they were finally sighted by an airplane, all the survivors joined with the Catholic nurse in the recitation of prayers of thanksgiving.

When the Most Rev. James Duhig, Archbishop of Brisbane, visited the survivors in the hospital to which they were taken, Miss Savage's first thought was to arrange a Mass for her lost companions. Several non-Catholics who were on the raft are now receiving instructions in the Catholic Faith.

Miss Savage intends to continue in her work as a sea-going army hospital nurse.

Modern Uses for Quilts Patchwork

There is endless fascination in old-fashioned quilt blocks, and there are many modern ways to use them. They make marvelous table mats that really protect the

edges of the table, and are being used for luncheon mats as well as decorative table mats. Pieced and quilted sets protect the backs and arms of upholstered chairs and keep your new slip covers clean. These sets also have unusual decorative possibilities. Chair sets of this type are at their best on chairs covered with plain material or a fabric with an inconspicuous figure.

The block shown here is easy to piece. It should be lined with muslin and interlined with one layer of cotton sheet wadding. These three layers should be quilted together either with diamond quilting or with running stitches following the lines of the pieced pattern. Edges are bound with hemstitching bias tape.

NEXT: A Set of Early American Wall Pockets.

NOTE: Quilt blocks also may be made into unusual borders for curtains and luncheon cloths. There are complete directions for pieced border designs in BOOKS 3 and 6 of the series offered with these articles. BOOK 6 also shows an old star design pieced to make pot holders. Booklets, 10c each plus 2c each to cover postage and handling. Send requests direct to Mrs. Spears, Drawer 122, Bedford Hills, New York.—Copyright.

SAVE A SOLDIER'S LIFE—BE A BLOOD DONOR

of St. Gerard's Guild, at the annual luncheon of St. Margaret's Daughters, 84-year-old charitable organization.

If Catholic women and decent non-Catholic women had not ignored the advice Mrs. Sanger began to give 25 years ago, "today we would be under the heel of Hitler and Hirohito," Father Bowdry said.

when she addressed them in the special series of talks arranged by Dr. Eugene A. Leonard, dean of women, for the group of more than 100 feminine students at the institution.

Pointing out that the government and private industry are urgently in need of women skilled in the sciences and those who could do unskilled work to replace men for the armed services, Mrs. Hanal stressed the fact that with some additional knowledge Catholic University women students could readily fill places in the war economy.

"You will face a disjointed world; a world of anxiety, grief and sorrow to which you will have to bring all you can master of courage, serenity, humor, wisdom and spiritual strength," Mrs. Hanal said. "But one thing will not be difficult—and that is to find work, especially as you have been guided so wisely and trained so well in techniques held here at Catholic University."
