

Fr. Gehring, Famed Chaplain, Gets Another Heroism Medal

WASHINGTON (NC)—Another decoration for heroism has been bestowed upon Lieut. Frederick P. Gehring, C.M., one of the outstanding Navy chaplains of the war.

Acting in the name of President Franklin D. Roosevelt, Secretary of NAVY Frank Knox has announced here that the Legion of Merit, awarded for exceptionally meritorious conduct in the performance of outstanding services, has been bestowed upon Father Gehring.

The citation which went with the heroic priest's decoration read: "For exceptionally meritorious conduct in the performance of outstanding services to the Government of the United States during the early months of the campaign against enemy Japanese forces on Guadalcanal, Solomons Islands, from Sept. 22, 1942."

"Voluntarily making three hazardous expeditions through enemy occupied territory, Chaplain Gehring, aided by native scouts, evacuated missionaries trapped on the island. In addition to his regular duties, he frequently visited the front lines and was a constant source of encouragement to the Marine and Army units under continual attack by the enemy. Brave under fire, cheerful in the face of discouragement and tireless in his devotion to duty, Chaplain Gehring lifted the morale of our men to an exceptional degree. By his fine leadership and great courage he inspired all with whom he came in contact."

Father Gehring was several months ago with the Navy and Marine Corps Medal for his distinguished work on Guadalcanal by Admiral W. F. Halsey, U.S.N., in the South Pacific war theater, just before the priest was transferred from the battle area to chaplain duties on the island of Ille-Nou, Noumea, in New Caledonia.

Before Father Gehring entered the Navy chaplain corps, he was a member of the Miraculous Medal Missionary Band of the Vincentian Fathers, working out of St. Vincent's Seminary, Philadelphia. He is the son of Mrs. Marie M. Gehring, of Brooklyn.

Chaplain Gehring is well remembered in Rochester. Soon after his ordination and before departing for China, Father Gehring was for many months at St. Mary's Hospital.

Fears Proposed Statute Navy Rechristens Tugboat To Honor Comdr. Gilmore

LONDON—British Government plans for a naval state service when the independence of the dominions ends—"will be well & considerably easier of accomplishment," the Most Honorable Secretary of State for War, Sir Alexander, told a London meeting this week.

It will be a medical service "known to be of such a character that the patients receive for practical purposes no punishment and the Doctor, those who practice as to what is to be the position of the Catholic Church with the Doctor whose religious or absence of religious principles can directly answer for everything that we had done. What is going to be the punishment against the tyrants of medical despots under conditions like that?"

Denies Catholics Of Costa Rica Can Join Red Party

SAN JOSÉ (NC)—Contrary to the popular press report printed in the United States, Catholics have not been granted permission to join the Communist Party in this country.

A New York newspaper on Monday printed a story with this headline: "Catholics May Now Join Costa Rica Communists." The body of the report identified a new political party in Costa Rica.

Vanguard Popular was created with its own program. The letter was submitted for study to the Hierarchy of Costa Rica, which found it to contain nothing Communist nor Socialist. It is believed that a Catholic can join the new party, on the same grounds as other parties.

Ecuador's First Lady Honored At Maryknoll

New York.—Senora Blanca Arroyo del Rio, wife of the President of Ecuador, was made an honorary member of the Maryknoll Foreign Mission Society following her visit to the organization's headquarters near Ossining, N.Y.

Senora Arroyo del Rio was accompanied by her son, Senor Angelino Arroyo del Rio, and Dr. Alberto Levy, Catholic representative to Ecuador, publisher and business man. Father James J. Walsh, Walsh, Superior General of Maryknoll, presented her with the following scroll of invitation:

"The Communist Party was dissolved on June 14. A new party, Vanguarde Popular, was created with its own program. The letter was submitted for study to the Hierarchy of Costa Rica, which found it to contain nothing Communist nor Socialist. It is believed that a Catholic can join the new party, on the same grounds as other parties.

Tuna May Be More Plentiful

Housewives may find Breast-O-Chicken brand tuna somewhat more plentiful as a result of the government order releasing tuna packed after June 26 for civilian use, except that purchased by the Army. 60% of the 1942 pack before this date went for government use. This means that tuna will be more plentiful than was anticipated but as plentiful as last year, because an estimated 50% of the catch has already been packed. Long range tuna imports are in Navy service, so tuna fishing is restricted to close-in waters.

Although she may not be able to get all the Breast-O-Chicken brand tuna she wants, the American housewife knows its value in preparing low-cost meals. Actually this versatile seafood may be combined with a wide variety of non-rationed foods such as rice, noodles, spaghetti, and macaroni for tempting main course dishes. Victory gardeners like to add Breast-O-Chicken brand tuna to their vegetable salads for delicious flavor and increased food value.

As a "no-waste" food, Breast-O-Chicken brand tuna has been considered "safe." The entire contents of each can are edible. The fatty light meat is ready-to-eat; late salads or soups in cooked

dishes. The solid oil it is packed in may either be mixed with the tuna or saved for salad dressing or sautéing. New rationed items offer as many possibilities as tuna and, for that reason, when obtainable, Breast-O-Chicken brand tuna continues to occupy a prominent place in wartime menus.
