

Blasphemy are the prohibited in the way, who walk in the law of the Lord—Psalm, 118, v. 1.

Days to be (JUST) LIVING is given a lie? A fault which needs it most grows two thereby.

On Catholic Hour

Rev. John F. Cronin, S. J., director of the Institute of Catholic Social Studies at the Catholic University of America, who is the speaker, Sundays, during the month of August on the nationwide NBC "Catholic Hour" program sponsored by the National Council of Catholic Men. The general topic of his series is "The Path of Duty." Bachrach photo. (N.C.W.C.)

See Possible Good Resulting From Repudiated Broadcast

Continued from Page 5: ...broadcasts to Spain could stand a little looking into. Everyone knows how the United States Government has promoted good relations with the Government of Spain. It is limited that OWI foreign broadcasts are speaking over Spanish language accounts against Generalissimo Franco that are every bit as bad as the things said about King Victor Emmanuel and Francisco Bolognini.

...If the situation is as modeled as some people claim, and the Italian broadcast proves the irritant that provokes a curative investigation, it will not have been altogether bad.

What the Smiths are planning

Jim Smith was doing nicely in a small business in 1941. He and his wife were dreaming of the day when they would own their own home.

Then came December 7th—and war. In a few months Jim gave up his own business and went to work in a war plant. Building a new home was no longer possible. Materials were needed for the war effort. They laid their dream of a home away for the duration. But in the meantime the Smiths resolve to get ready. Their plan is simple.

FIRST: They keep their savings account at the ROCHESTER SAVINGS BANK growing larger every payday. It will provide ready cash when they need it.

SECOND: They are building a backlog of security with WAR BONDS. They buy as many as they possibly can every payday. They have even rented a safe deposit box to hold them.

THIRD: Their lives are insured with LOW COST SAVINGS BANK INSURANCE at the ROCHESTER SAVINGS BANK. This comprehensive life insurance protects them adequately and safely at low cost.

The Smiths have a definite plan for post war progress. Why don't you? You can get the three important elements at the ROCHESTER SAVINGS BANK—SAVINGS ACCOUNT—WAR BONDS—SAVINGS BANK LIFE INSURANCE. Start now at either office.

WE ARE OPEN MONDAY EVENINGS 6:30 TO 8 FOR YOUR CONVENIENCE

Medical Mission Nurses To Train Nurses At New Hospital In India

PHILADELPHIA (NC) — As a means of relieving, to some extent, the vast shortage of trained nurses in India, the Medical Mission Sisters have decided to construct a 200-bed hospital in Rawalpindi, India, to replace the now inadequate 65-bed structure there. Mother Dr. Anna Dongel, Superior General of the community, has announced at the Motherhouse here. Mother Dongel said the shortage of nurses in India is reflected in a survey made by the Nursing Journal of India, which stated there are only 7,000 trained nurses in the entire country of 400,000,000 persons.

Cites Importance At the All-India Catholic Congress, held in Mysapore, India, the Very Rev. Msgr. Joseph C. Panjikaran, of Ennisclam, in an address on the Catholic medical missions in India, pointed out that there are less than 50 Catholic hospitals in India and Ceylon. He declared the average is 25 beds for each hospital and said the hospital with the largest number of beds is St. Martha's Hospital at Bangalore, where there are 130 beds. Msgr. Panjikaran continued:

"I mention these facts because the question of a training center is very important. And at present I find no well-equipped hospital to give a good training course in nursing. For good training cannot be given to the pupil nurses unless the hospital has at least 200 beds, efficient and able doctors and other facilities. None of our present hospitals satisfy these conditions."

At the same Congress, the Most Rev. Leonard Guido LeElock, Bishop of Ajmer, declared that in any consideration of the training of nurses, the Holy Family Hospital at Rawalpindi, operated by the Medical Mission Sisters, deserved a "place of honor." He recalled that nuns of three communities were trained at the hospital, which is the one that will be replaced by the 200-bed structure.

CORRESPONDENCE RELIGION COURSES NET 60 CONVERTS

DENVER — Religion classes by correspondence conducted throughout Colorado by the Sisters of Loreto, at Loreto Heights College, here, during the last five years have brought 60 converts into the church, it was announced here by the Rev. Gregory Smith, Archdiocesan Director of the Confraternity of Christian Doctrine, who directs the work.

Therefore, says the Lord, watch and pray, that ye enter not into temptation. Matthew, c. 26, v. 41.

Social Injustice Called Bar To Peace

SANTIAGO, Chile (NC) — The concern of His Holiness Pius XII for "the economic status of the workers" was stressed by the Most Rev. Jose M. Caro, Archbishop of Santiago, in his sermon at the Te Deum ceremony arranged by Catholic Action and the Catholic University on the "Day of the Pope."

There can be no true and lasting international peace, Archbishop Caro said, until social injustice, the obstacle to internal peace, has been removed.

His Excellency the Most Rev. Maurizio Silvani, Papal Nuncio to Chile, spoke briefly on the universal apostasy which, he said, has been unequalled in history.

"The entire universe," the Nuncio added, "is suffering from an agony for which there is no human remedy. Let individuals and peoples return to Christ, conforming their lives, privately and publicly, to the teachings of the Pope, and then peace will shine through, dispelling the present dense clouds on the international horizon."
