Blessed Mother Lauded By Non-Catholic Clergyman

CLEVELAND—A fervent tribute was paid to the Blessed Mother and to the Magnificat by a non-Catholic clergyman, Dr. Fernando H. Groom, of Franklin Circle Christian Church, here, in his Christmas sermon.

"In the Magnificat, Mary looks beyond herself and sees that through her all generations will be blessed," said Dr. Groom. "What a contribution womanhood has made to our faith! It is not only in her tender ministry of love, but in the beauty, which she has given to our religion, that this extraordinary contribution has been made. Many beautiful hymns have enriched the religious world, as women sang songs of rejoic-

ing. In the Old Testament we read of the song of Miriam, Deborah and Hannah, and in the New, the songs of Elizabeth and Mary.

"But of all the poetic gems the Magnificat is the finest. It begins, as all true prayers do, with a note of praise to God. In her mind God takes precedence over all else. With prophetic insight she also saw the coming of God's kingdom—the day in which the proud would come to naught and the humble be exalted. The church owes a great debt to Mary. Her faith, her obedience, her humility, purity, tenderness and silent service, are an example to all."
