

"Give Us . . . Our Daily Bread"

THERE are forty-two Rochester priests who are engaged in the apostolate of the chaplain you see here. Only yesterday one of them gave you Holy Communion at the altar rail in your parish church.

He, willingly, yes enthusiastically, left the convenience of your parish rectory to share with these men the brunt of battle and to be there when they call for him.

BUT . . .

BOTH the priest and his congregation want to get back to their parish Church.

Will You Speed Their Return?

You can do so by the generous support of the Fifth War Loan which will help bring the conflict to a victorious end.
