Infantile Paralysis Drive Enlists Parish Schools

Parochial schools will form an important cog in the fund-raising appeal of Monroe County Committee of the National Foundation for Infantile Paralysis.

More than \$600 cash awards have been distributed throughout the parochial schools of the county, including Rochester and the 18 towns. The donations will be turned over to the county committee as their share in their fight against the Cripples, infantile paralysis.

The fund-raising appeal campaign will go into high gear from Jan. 16 to Jan. 31. Elmer B. Millman is general chairman of the county committee. Mrs. Francis P. Beattie is chairman of the women's division. Louis A. Whelan is state chairman. Headquarters have been opened on the main floor of Hotel Seneca.

Mrs. Irene Calliton is chairman of the Catholic Daughters of America unit.

"The Cripples know no creed or color," Mr. Millman stated. "The National Foundation for Infantile Paralysis provides the best of medical care and treatment of every victim and infantile paralysis, regardless of age, race, creed or color. We are urging all priests, ministers and rabbis to bring this great humanitarian activity to the attention of their congregations during the campaign, Jan. 16 to Jan. 31."

Through its Chapters, including Monroe County Chapter, the National Foundation for Infantile Paralysis, is providing whatever care is necessary to restore to polio victims their maximum physical independence within the limits of present-day knowledge of the treatment for this disease. This aid is financed through the fund-raising appeal. The only yardstick is the yardstick of need.

The hard part is to be righteous without being self-righteous — to be moral without being holier-than-thy neighbor to those who aren't.

Left up your hearts to God in prayer and faith and obedience and hope they in this we may find hope for our darkness that trouble your soul.
