

Parents Should Check Film Fare for Their Children

By William H. Mooring
LOS ANGELES—"Oh give him a quarter and let him be off to the show!"

It is an easy way out for the harassed parent who hasn't time to remember that things must come by, often are hard to pay for in the end.

Does he not find raised as suitable only for adults? Too often you bet he does. Does anyone take into account Johnnie's individual mental and physical state? Who is supposed to if his parents do not?

French Solons to Weigh State Subsidies To Church Schools

PARIS (By Wireline-RNS)—State subsidies to denominational schools are expected to be a major issue in budget discussions before the French National Assembly now in session. The provisional government faces the choice of continuing or revoking grants initiated by the former Vichy regime under a law which permitted aid to schools unable to continue without help.

Socialist and Communist groups are the most outspoken in demanding an end to state support of private schools and a reversion to pre-war conditions under which only underprivileged free schools were subsidized, and private schools, mostly Catholic, were entirely self-supporting.

Catholic authorities are said to favor maintaining subsidies on a proportional basis between all free schools, whether denominational or not. They claim that when only state schools are subsidized, Catholic parents who wish to send their children to denominational schools must pay double—for state schools, through income taxes, and for their own schools, through payment of school fees.

Mayor LaGuardia in Classical Warning To Premier Churchill

NEW YORK (INS)—British Prime Minister Winston Churchill had an admonition this week from New York's Mayor F. H. LaGuardia not to "Leave Up" the Atlantic Charter.

Commenting on Churchill's statement during a Parliamentary debate last week on the Polish border question that the Charter was "a guide, not a rule," the Mayor, staunch supporter of the Atlantic Charter's principles, said:

"Winston, if I may use the language of Shakespeare, Browning or Shelley, please don't lower it up."

Walls, boys and girls:

My goodness, it's March already. Does it seem possible? I hope and pray that you will do as good in the mission work for this month as you did this past month. It makes me very happy to see so many of you anxious to help the mission cause.

Polish Refugees Spiritual Care Given Bishop Gawlina

VATICAN CITY (INS)—By a decree of the Sacred Congregation for Extraordinary Ecclesiastical Affairs dated February 5, His Holiness Pope Pius XII has entrusted the spiritual care of Polish emigrants and refugees to the Most Rev. Jan Gawlina, Military Bishop of the Polish Forces, acting for his Eminence Augustin Cardinal.

By this decree, it is stated, the Holy Father has given Bishop Gawlina special jurisdiction over all Polish priests, non-clerical as well as chaplains, who have left Poland since the beginning of the war.

Cardinal Mundt, who escaped from Poland, was living in France at the time the Allies invaded that country. He was asked by the Nazis and taken with them as they withdrew into Germany.
