## First Lady, Intended or Not, Gives Prestige to Birth Control Minions

By The Rev. Dr. Edgur Schmiedeler, O.S.B.

Mrs. Roosevelt came in for severe criticism some time ago for remarks on the subject of birth control, That, incidentally, was the subject of her press conference on February 19 whether or not she actually used the term. A week later she discussed the subject again.

This liens the space more entities the state onthood clinics are propered to help shildren when the many were pleased with her critical is keeping those families together running smoothly, by embling them in have their And what was the residents with children from smooth to the property of the propert
