Explains Rehabilitation Service of Health Group

A budget of $[illegible] was adopted by the County Health Committee of the Tuberculosis and Health Association at a meeting held last week in the Medical Arts Building.

Dr. William A. Sawyer, Chairman of the Budget and Program Committee, outlined a program of work which included the continuance of cooperation with Industrialism in promoting the Mobile X-ray Unit in industry. The use of the Tuberculin Skin Test with X-raying of positive reactors was also recommended for the smaller industries and for the schools.

In commenting on a new Rehabilitation Service of the Association, Dr. Sawyer stated: "In December 1944 a Rehabilitation Secretary was appointed to conduct a Rehabilitation Service for the Association. The aim of this service is to provide a counseling service for those individuals who have had tuberculosis and so have problems relating to the procurement of and the adjustment to suitable employment.

"The problems which may be encountered in helping the individual reach this goal may involve health, family adjustment, conditioning to work, education and employment. In order to give adequate consideration to these various problems, it will be desirable to make use of the facilities which this city and county offer in meeting such problems. To this end the Association's Rehabilitation Service will work with the other agencies."
