## Strikes Cost Strikers

Indianapolis — (INS) — Daniel J. Tobin, president of the AFL teamsters: "The man or woman who believes in settling disputes across the table, even if they fail, makes the best and most loyal trade union representative. What's the use of saving up a few dollars every week, if you can save it, and you should, and then get out on strike for three or four weeks, spending your hard-earned savings?"

**Sees Prices Forced Down**  
Washington (INS) — Secretary of Commerce Henry Wallace: "If wage rates are not increased, prices undoubtedly will be forced down, and this would be highly undesirable in the light of our national debt."

**Would Outlaw A-Bomb**  
Washington — (INS) — Senate President Kenneth McKellar: "The atomic bomb as a weapon in warfare should be outlawed in all the world just as poisonous gas was outlawed a few years ago by practically all nations."
