of the picture . . .**

THIS WOUNDED BOY'S BATTLE ISN'T WON YET. Ahead lie days, weeks, months in a hospital—fighting to recover what he gave up for you.

So before you start to celebrate again—before you treat yourself to a buying-sprees—buy a Victory Bond for him.

Remember, today rehabilitation and care of over 300,000 wounded are among America's gravest problems. And every step that speeds a man

from battle wounds to health is costly. A hospital ship costs \$4,500,000; a hospital plane, \$110,000; supplies for a thousand-bed hospital, \$177,500.

We must—we will—take care of our own with America's Great Victory Loan. Think of the boy who's still fighting for health. You'll see why the most important Bonds you've ever bought are the Bonds you buy today. Put what your heart tells you to into America's Great Victory Loan.
