### St. Bonav's Opens Guidance Center

St. Bonaventure, N. Y. — Authorities at Saint Bonaventure College announce that the United States Veterans Administration has opened a Testing and Guidance Center at St. Bonaventure's. This is the fifth guidance center out of the Batavia Regional office, and will serve Cattaraugus, Allegany and Chautauque Counties. James D. Powers, who has been with the Veterans Administration Guidance Center at Cornell University, will temporarily be in charge of the center at St. Bonaventure.

As far as known, this is the first U. S. Veterans Administration Testing and Guidance Center established at a Catholic college in New York State and possibly at any Catholic college in the United States.

For some time there has been a need for a testing center in this section of the State. Saint Bonaventure College offered one of its buildings to the Veterans Administration. The acceptance of this building came with the remark that it will be one of the finest guidance centers in Western New York.

### Holy Name Men Meet At Ukrainian Church

(Continued from page 1-A)  
 the parish auditorium. The men were welcomed by Charles E. Bastuk, president of St. Joseph's Holy Name Society who acted as chairman. John H. Gould, president, presided at the December meeting.

On the speakers program were Father Lesiak, who briefly reviewed parish history and the life of St. Joseph, the patron saint and Michael Korman, who outlined the work of the parish Holy Name Society including its monthly publication, The Catholic Advocate.

An interesting lecture on the Byzantine-Slavonic rite was presented by Father Shymansky, guest speaker for the evening. Explains Greek Rite.

Listing the eighteen rites of the Eastern Catholic Church Father Shymansky explained that the Byzantine or Greek rite is the basis of the Ukrainian, which is the largest group practicing that rite.

While Eastern Catholics differ in liturgy, language, canon law, etc. from Roman Catholics, the priest pointed out, both profess the same Faith, recognize as visible head His Holiness, the Pope and make use of the same seven Sacraments.

He described the setup of the Ukrainian Church in this country explaining that they have their own diocese with the Bishop's See in Philadelphia. There are, stated Father Shymansky, 150 Ukrainian churches, 60 parochial schools, 2 orphanages, 2 academies, a home for the aged and two educational institutions for the priesthood in the United States.

Approximately 120 Ukrainian priests and three orders of nuns serve throughout the country under the administration of two Ukrainian bishops, the ordinary in Philadelphia and an auxiliary bishop in Stamford. All the missionary work is conducted by the Basilian and Redemptorist Fathers.

In the forum period following his address, the speaker answered questions pertaining to rite.

The men were served a dinner consisting of typical Ukrainian dishes in the parish dining room at the close of the meeting.

 New York — Dr. Lisa Meitner, famous Catholic scientist expresses hope that atomic energy will be used for the benefit of mankind rather than destruction. "The principle can be used constructively for industrial purposes. The radioactive by-products formed in the process will be of the greatest importance to medicine."

### Christian Brother Army Toastmaster

Montreal — (NC) — Just the thing for a medium-sized family that really likes having to wait for its breakfast toast is a gadget invented by a Christian Brother here.

Brother Aubert, 65, who is inventor and manufacturer of the "La Salle" toaster — a shiny, stainless-steel piece of equipment which can turn out 2,400 slices of toast every hour! For his work during the war Brother Aubert has been called "toastmaster to the Canadian Armed Forces." In a little shop here, with several teenage assistants,

he has produced hundreds of the toasters for army camps, convalescents, hospitals and other institutions. Even conservative guests on how many pieces of toast they've made run over ten million.
