Cardinal von Galen Thanked U.S. for Aid Before He Died

Washington, (NC)—One of the last acts of the late Cardinal von Galen, Bishop of Munster, before he died, was to thank the American people for their charity in helping the suffering people of Germany. It was announced here by Mrs. Joseph A. O'Boyle, Executive Director of War Relief Services-National Catholic Welfare Conference.

"I am deeply grateful," wrote the German Cardinal, "that American men, women and children are ready to share their surplus of food and other necessities, that not only the health of the population but the physical and mental health of each individual is being helped."

Franciscan Priest Indian School Closing

St. Francis, N. M. (RNS)—The Franciscan Fathers plan to petition Congress to "reassign the school building" housing the 1,000 of the 20,000 children on the Navajo Indian Reservation as the new Catholic school.

When the tract caused by the "loss" of the school building in St. Francis started a stream of refugees from Germany, Austria and other nations, the Catholic Committee for Refugees was established and the activities broadened as conditions warranted in succeeding years, Observators say.

In 1941 under the direction of Cardinal Mooney, the Bishop's War Emergency and Relief Committee came into being, forming a centralized agency to meet the needs occasioned by war and its aftermath.

The closing of 12 government day schools and two government boarding schools brought about the situation, according to the Franciscans, who teach in the mission schools.
