'Know Your Public Health Nurse Week' Opens April 7

A concentrated effort to make better understood public health nursing services available in communities throughout the Rochester diocese will be made during "Know Your Public Health Nurse Week," April 7 to April 13.

"Know Your Public Health Nurse Week" is part of a nation-wide educational program to promote better understanding of public health nursing as a service for every person regardless of financial status.

Observance of the week is sponsored nationally by the National Organization for Public Health Nursing, a voluntary organization which helps communities establish and maintain a high standard of public health nursing service.

Working in cooperation with this national campaign, will be the Rochester Health Bureau, Visiting Nurse Association, State Rural Public Health Nurses and the Tuberculosis and Health Department of Rochester and Monroe County, as well as the public health facilities of Cayuga County.

Cayuga County, part of the Syracuse nursing district, has a combined city and county public health nursing service. This service is generalized and available to all people. The nurses may be reached at the Memorial City Hall in Auburn, telephone 3350.

A tuberculosis clinic service is held every Thursday afternoon in Mercy Hospital, Auburn, and child guidance clinic every second Thursday of the month. Syphilis and gonorrhea clinics are held every Monday from 4 to 6 p. m. and every Friday from 10 a. m. to 12 noon, also at Mercy Hospital.

In a recent proclamation issued at the White House, President Truman endorsed the national observance of "Know Your Public Health Nurse Week."

Paying tribute to America's public health nurses, the President wrote: "The public health nurse is one of the strongest links in the chain of disease prevention and the promotion of good health on the part of both children and adults. Her contribution to better individual and community health cannot be overestimated."

Bishop Urges Knights To Rosary Recitation

ed Lady in the course of the centuries. "When the Blessed Virgin appeared to little Bernadette at Lourdes," the Bishop said, "She told her to say the Rosary and recited the Creed and Our Father with her but remained silent while Bernadette said the Hail Mary. In her visits the Blessed Mother always told people to say the Rosary."

The Rosary is the strongest defense and the one in which we place "our hope and confidence." In times of attacks on the Church, the Bishop said, He recalled that it was under the banner and patronage of Mary that the Christians went forth to battle at Lepanto and saved Christian Europe and "so today we look to her and go along under her banner faithfully reciting the Rosary knowing that Mary will again save us."

Now in its 44th consecutive season, America's oldest Passion Play, "Pilate's Daughter" is viewed by thousands at the Mission Church, Roxbury, Mass. Written in 1903 by the Rev. Francis Kenzel, Redemptorist priest, the play has attracted nearly two million spectators. War Hero Honored by Echo Group

Dedication of a bronze plaque for S/Sgt. Melvin A. Michalski, only member of the Rochester Echo Singing Association to die in the war, was conducted in the clubhouse, Sobieski St., last Sunday.

Rev. Joseph A. Balcerak, pastor of St. Stanislaus Church, pronounced the invocation and imparted benediction during the ceremonies.

More than 400 persons gathered to give honor to the memory of Sergeant Michalski were urged by Jacob Ark, past state American Legion commander, not to break faith with the infantrymen and comrades who gave their lives.

A guard of honor composed of his brother, Eugene Michalski, two comrades in arms and two lifelong friends stood by as the plaque was unveiled.

Son of Mr. and Mrs. WacRow Michalski, 690 Norton St., the soldier was killed in action with the 182nd Infantry Division Mar. 28, 1945, on Cebu Island. He was a member of St. Stanislaus parish.

U. S. Catholic Shrine Proposed

New York — (NC) — Pointing out that the U. S. Government has set aside the Touro Synagogue in Newport, R. I., and St. Paul's Church in East Chester, N. Y., as national shrines of the Jewish and Protestant faiths, the New York Times has advocated editorially that a Catholic shrine also be officially established by the Government.

"Having thus designated Protestant and Jewish houses of worship replete with memories of our early days, the Government will undoubtedly extend this policy," the editorial states. "St. Augustine, Fla., our oldest city, immediately comes to mind with its ardent Roman Catholic parish, whose full set of baptismal and other records goes back to 1594, and whose cathedral was begun in the early Seventeen Nineties."

Avers 40 Percent of Budapest Tots Die

Schools in Budapest, closed last November because of the lack of fuel, will not be reopened until next March, the priest was quoted as saying. "There are many thousands of abandoned children and child delinquency is reaching terrifying proportions," he added.

Lenten Thoughts

Doctors and Lawyers

(Excerpts from the fourth sermon on the general theme "Return From Calvary" Lenten series at Old St. Mary's Church, Rochester, by the Rev. Donald M. Cleary, Catholic Chaplain at Cornell University, on the topic "The Road and Doctors and Lawyers.")

The two professions among laymen which are nearest to the heart of Christ, are the professions of medicine and law. The doctor in one sense is another Christ for imitating Christ he goes about doing good. He cures the lame and brings solace to the sick. The lawyer is the minister of God's choice and represents to man in a practical way the operation of God's law.

When the men of these two professions forget the oaths which they have taken and the high state to which they have been called and prostitute their professions for earthly gain, power, or renown they participate in the modern crucifixion of Christ just as surely as did the ones who nailed Him to a cross in the first crucifixion.

I saw in Buchenwald Concentration Camp in Germany the experimental laboratory where doctors had experimented on poor defenseless human beings, not with the thought of benefiting humanity or of serving God, but rather of serving the German state. Apparently they had lost all concept of the worth and dignity of the human individual.

Daily we read in the papers where doctors have been arrested, fined and imprisoned for malpractice. What an accounting they must eventually make to the Great Physician.

In the field of law, how different would we read the world's history if international lawyers had been convinced with the justice of God and the rights of individuals rather than the selfish purposes and objectives of nations and men.

True Crown of Thorns At Notre Dame Cathedral

Paris — (URNS) — On Sundays during Lent, the reputed true Crown of Thorns, with which Christ was tortured during His Passion, is being shown to worshippers at Notre Dame Cathedral here. This is the only time of the year when the relic may be seen.

Over 700 years ago the crown came into the possession of St. Louis of France, who built the Sainte Chappelle to contain it. It was later taken to Notre Dame.
