**Soviets S Funds to French**

By the KEY E. A. C. New York — (AP) has been considering raising in United Nations since Lantz sensational disclosure New York Times that government has large quantities of foreign currency to open charge that it being used to finance activities of the communists.

Reason for the thing is the fact that Paris stories coincide location of a letter Oscar Lange, delegate, Warsaw regime, the United Nations made relations with France on the ground conduct of his government to go threatening world peace.

Mr. Lange's series was that a series of statements has made it clear that the French government has already national friction and international peace.

As a consequence letter continued, government was Feb. 25, 1946, to citizens between France. These frontiers closed. One day late government ordered evacuation of troops at France.

Communist Minister In the case, which carried the Lange letter appeared to be a charge that the French Government have since the formation of the three-party cabinet contains six communists.

They sometimes their policy against the other Minister which they induced Government to close frontier, and they raise the Spanish question.

Diplomatic veterans have no illusions as to the situation of Mr. Lange's six day "cooling" which the Council.

Mr. Lange had a gesture that Franco compelled the French to close the frontier according to Mr. Vo the French Communist who did the compelling troops to the border had reacted in perfect fashion. One says that if this is the intent Mr. Lange will that Franco is constitutional friction, he a hard time inducing the Council to condemn dictator as a threat peace.
