Sociality of Our Lady — A Divine Activity

By REV. ROY B. MORPHY, Diocesan Director for Sociality

No matter how great or small a spring it will not contain the waters that bubble out of the earth. It will fill up and spill over and spread out far beyond its beginning. It is very interesting to watch the tiny rivulets running here and there, meeting one stream and tributary under roots, stirring the winter's freshness to green freshness.

Be Sincere Boys in Handing Out 'Hot Line of Chatter'

By SHIRLEY JOHN DALY

THIS is the story of Joe Blow, a student, the high school fellow who accompanies every date with a line of running chatter calculated to raise the girl's ego.

Calendar of Feast Days

Sunday, April 23 — St. Paul of the Cross, enlisted in a Crusade against the Turks, but warned by heaven, abandoned this enterprise and founded the Passionist Ministry of Monte Argentario. His life was marked on the Passion of Christ, and he died while the Passion was being read to him.

The life of a good Socialist is so like a spring. Following close on the personal sanctity — the supreme and specific aim of the Socialist — and following from it will come the Socialist's social activity, a zeal which urges him to do all he can to save and sanctify his neighbor. This is an extremely important phase of Sociality.

It is the spirit of the organization that holds them together. The sociality of the war. The sociality of the war. The sociality of the war. The sociality of the war.

Before long this hot line of chatter affects even you; as soon as the girls you date begin to compare notes and discover that you give each of them the same "the night is young and you're so beautiful" routine, your dating rating will hit a new low, but quickly, it won't be long before you're tagged as an eager beaver.
