Christmas Gifts for Selma Mission Planned by Guild

Seneca Falls—November meeting of St. Patrick's Guild and Altar Society will be next Monday evening, Nov. 18, in the school auditorium, at 8 P. M. Mrs. Gregory Burns, President, will preside.

When the Guild met in October, it was proposed by Miss Elizabeth Moreland, and seconded by Miss Teresa McGrath, that in conjunction with the annual Christmas party, the members also have a Gift Shower for the Selma Mission. The suggestion was taken up and carried and it was decided that in addition to the usual small gift which each member is expected to bring, for exchange, each person attending; (and also any one who wishes to remember the little Negro children, but cannot be present) give a gift of a toy or some suitable Christmas gift for a child. These articles will be forwarded under the direction of Sister Edward Marie of our parish, to the Sisters at the Selma Mission, for distribution at Christmas time.

The Selma Mission, located at Selma, Alabama, was opened 6 years ago under the auspices of our own Sisters of St. Joseph. The first Superior in charge was Sister Francis Marie, who together with three other nuns, sacrificed their comforts, to devote their time to the welfare of the Negro people in the South. They have established a hospital and school there and despite great hardship and handicaps, as well as prejudice, have continued their labors.

Sister Francis Marie is now teaching at St. Francis de Sales school in Geneva. Naturally, she has the interests of the Mission at heart so she has kindly volunteered to come to the next meeting of the Guild (Monday, November 18, at 8 p. m.) and tell her experiences and also show a movie relating to the Mission.

Members are urged to attend so that Sister Francis Marie's time will not be spent in vain.

Mrs. Burns has called a meeting of the Leaders of the organization to follow next Monday night's business meeting. At that time the work of the Leaders will be discussed and future plans laid out.

Bowling

St. Aloysius Holy Name League

Auburn — Georgetown, the leading team of the St. Aloysius' Holy Name League, continued high-powered bowling by rolling a new high three game total of 2692, with games of 919, 903 and 870, to sink Loyola into last place. John Miskell, lead-off man for Georgetown, shattered the pins with games of 203, 218, 193, for a 612 total. This inspired his team-mates to great heights; Bud Wilson getting 555, Andy Strapach 548, and Tom Hunt 510.

Gonzaga pulled the up-set of the day by beating the ever-dangerous Notre Dame team three straight games, piling up a total score of 2362. Paul Friedel, the Gonzaga Captain, who makes it a habit ox rolling 600, put to-gether games of 234, 169 and 206 to lead his team to victory. He was ably helped by Jim Kennedy, who rolled 520.

Notre Dame's most feared combination, Captain Jack Friedel and John Terry, who in the last match with Gonzaga were able to over-come Paul Friedel's 619 to win, were unable this time, despite their 550 and 563 totals, to ove. take the atomic Gonzaga Team.

Paced by their always reliable Captain Paul W. Graney, who rolled 516, Holy Cross took three points from Villanova even though the latter rolled their average right to the pin. Holy Cross by winning increased their hold on second place to a five point lead over third-place Notre Dame.

Santa Clara, who previously had served notice on the League to beware, showed they meant it by easily winning over Canisius. All of the, Santa Clara team, except the captain, bowled over their average. Jim Kirwan was the pace-setter for the victors and helped his team to move up a notch in the team standings.

PAPAL TRIBUTE TO SCOUTS

"Scouting strives to place order and a just moderation in human life," declared Pope Pius XII when he received some 4,000 Catholic Boy Scouts in the garden of the Pontifical Villa at his summer residence, Castelgandolfo. He saluted them as "harbingers of peace." A scout kneels as he talks to His Holiness on that occasion, September 18. Wirephoto by A.P. (NC Photos)

Catholic Hospital Success Laid to 'Master's Hand'

Meridian — "Success of the competent and honest doctor is due to 'the touch of the Master's Hand,'" the Rev. Nellis Downing, an alumnus of St. Bernard's Seminary, Rochester, told Sisters and nurses of Mississippi Catholic Hospitals here.

Recalling the Gospel narrative of the cure of the paralytic Father Downing suggested the idea of the Christ-like work of every Catholic hospital throughout the world.

"As our Divine Savior 'went about doing good,' healing souls in sin and bodies in disease, so too His followers in the hospitals do in like manner.' The working holy women in the hospitals are the successors of the 'holy women' so often told of in the Gospel; the sainted women who tended to the affairs of the Divine Redeemer and His Apostles," Father Downing said. "They are commended with eloquent gratitude by the mighty St. Paul who thanks them by name and made permanent their names in recorded history and the book of Life.'

"It may well be affirmed that the first nurse of Christianity was the all holy mother of Christ, who first heard the beats of His Sacred Heart and guided the health of His infancy and youth," he said, "and we may assume with truth that she, too, was attending at the famed holy and happy death of St. Joseph, the patron of holy Church. Christ ever did the twofold miracle of healing soul and body and His holy followers the nursing Sisters and nurses of all grades, are carrying on His labors adown the ages, by word and work and example, doing the practical labor that is so dear and so dear to the Sacred Heart of Jesus Christ.

"The Catholic hospital is a fort of the Faith, is a bulwark of holiness, is a citadel of sanctity, where the ever present, though unseen Christ, informs the holy work of all those in such consecrated service."

Know It?

(Answers on page 8-A)

If you answer all five, you're perfect; three or four, good; if only one or two, not so good.

1. All-Hallows is the feast of: (a) the Holy Innocents; (b) Guardian Angels; (c) All Saints.
2. In the parable of the ten virgins who "took their lamps and went forth to meet the bridegroom," why were five called foolish?
3. These lists of holy women and their canonized children are a bit mixed up. Straighten this out by placing the name of the child against the name of its mother:

St. Nonna	St. Faith
St. Sophia	St. Catherine
St. Paula	St. Gregory of Nyssa
St. Emmelia	St. Eustochium
St. Bridget of Sweden	St. Gregory of Nazianzen

4. The pyx, a sacred vessel the priest carries when on a sick call, holds: (a) the holy oils; (b) holy water; (c) the Holy Eucharist.
5. All told, were there twelve, thirteen or fourteen apostles?

Three Nuns Return From India; Two Leave

South Bend — (NC) — Two Sisters of the Holy Cross who are leaving for Dacca, Bengal, India, were honored at ceremonies here which also climaxed a three-day home-coming reception for three Holy Cross missionary Sisters who have returned to the United States for extended visits after 13 or more years of service in India.

The departing Sisters, both of whom possess college degrees, are Sister Mary Leo, of New Orleans, first member of the Marianites of the Holy Cross from the state of Louisiana, and Sister Joan of Arc, of Washington, D.C.

The three nuns who returned from the Far East discussed their work at an informal reception with the students and faculty of St. Mary's College. Sister Charlita, said that when she first went to Bengal in 1930 the Holy Cross Sisters had only one small school in the province, with a total enrollment of 36 children. The same school now has 350 pupils, 150 of them in high school courses.

Sister Marie Vianney, of Newport, Md., said that riots long have been common in eastern Bengal, where she has been stationed. But the Sisters do not anticipate any molestation, since the pagans as well as the Christians are dedicated to peace.

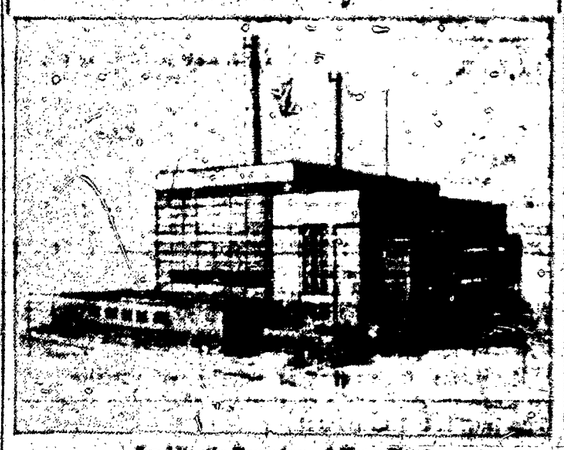
New Steam Plant on Lake Shore Planned by RG&E



Architect's Drawing of New Plant

Plans for construction of a new steam electric generating station to be located on the shores of Lake Ontario at Rochester, N. Y., have been announced by President Herman Russell of the Rochester Gas and Electric Corporation. The proposed plant will cost upwards of $15,000,000 when completed and the first unit, which will cost $8,000,000, is expected to be in operation sometime in 1948. Other units will be added as needed to meet demand.

The station will be designed for an ultimate capacity of 160,000 kilowatts, consisting of four units of 40,000 kilowatts each. Each unit will include one boiler and one turbo-generator with all the necessary auxiliary equipment.

The turbine will be operated by steam at 1,250 pounds pressure at the turbine throttle and this steam will have a temperature of 950 degrees F. Water for the new plant will be supplied through a pipe extending 4,000 feet into Lake Ontario.

The station itself will be of light-colored, pressed brick, 280 by 250 feet and 160 feet high. Dust eliminators of high efficiency will be installed. Coal will be brought, direct to the new plant by rail.

The area around the station will be shrubbed and beautified and grounds and entrances will be so arranged as to make it possible to bring groups of visitors to the new plant.
