You Can Stop This Suffering

Even as you read this appeal thousands of children and old and infirm persons in Germany are suffering from acute hunger. Little children are dying, not in any of the ordinary ways, but simply because of the lack of a small amount of food or medicine which YOU can supply at little cost to yourself.

If you help NOW you may be the means of saving a human life. Your contributions, no matter how small, may bring back the brightness to the eyes of a dying child, or restore hope to the heart of some old or ill person.
