Communist Conspiracy

By L. F. Budenz

(Continued from Page 7) When we get into the career and conduct of open Communist leaders, this phenomenon will be even more evident. Plus XI put his finger on one of the chief horrors of the Communist system...

Freed Intellectuals This is something that should be noted down and remembered vividly. Marxism-Leninism, the alleged science on which Communism is based...

The recognition of that real hideous as it is is a much greater "expose" of the Communist movement than all that the "sex and sensation" school of journalism would like to see.

It is the obligation of Americans, and particularly of Catholics, to acquaint their fellows everywhere with the intellectual degradation involved in accepting or becoming subject to Communist domination.

Those who are hidden, as part of organized Communist deceit, can be readily recognized. We shall deal with that matter shortly. How to tell the Red in your organization and how to know what is a Red Front group...

94 Earthquakes In Single Day Experienced by Bishop

New York—(NC)—Earthquakes are everyday occurrences in the lives of missionaries in that chain of islands known as the Lesser Antilles, according to Bishop Antoine Demets, Coadjutor of Roseau, British West Indies. And, to add, his diocese, which takes in five islands of the group, seems to be the earthquake center of the vicinity.

"In Montserrat," he explained, "I have experienced as many as 91 severe earth tremors—92 horizontal and two vertical—in a single day."

"Only steel and concrete can withstand such quakes," he said. "Both materials are too expensive for us to use extensively for mission buildings. The primitive roads of the islands become so rutted by upheavals that even motorcycle travel is impossible."

Notification of his elevation to the Episcopacy did not reach Bishop Demets for a month. He was traveling from camp to camp and while European papers carried the news, he never saw it. He was consecrated in the Cathedral at Brussels by His Eminence Joseph Cardinal von Ruy, Archbishop of Malines, last October, at a ceremony that was witnessed by his parents, three brothers and three sisters.

He is a holder of the Order of Leopold, Belgium's highest military award.

Workers Move Planned Vienna—(RNS)—Plans for a Catholic young workers' movement in Austria were discussed at a conference here.
