53 Break Record At Our Diocesan Retreat House

Record for attendance at the Retreat House of Our Lady of the Lake at Geneva was broken for the second time by a group of 53 men of St. Ambrose parish last weekend. The number is one short of capacity.

Last year, the St. Ambrose men combined with men from St. Philip Neri set an attendance record of 46 which was subsequently broken twice.

The group from the parishes in Newark, Ithaca, Trumansburg, Interlaken, Mecklenburg and Watkins Glen held the record until last weekend.

Among retreatants last weekend were three brothers, Clarence, Joseph and Francis Schiel, and one father and son combination, B. Edward Shiesinger, Sr. and Jr. Also making the retreat were eight of the original group of eleven who made the first parish weekend at Geneva in 1942. There were thirteen men in this year's group who had never made a retreat at Geneva before.

Conferences were given by the Very Rev. Augustine J. Aylward, C.S.B., rector of the Retreat House and by Reverend Fathers Thomas J. Sanderson, C.S.S.R., and Thomas W. Tobin, C.S.S.R., consultants. All talks centered around them, the Church, the Mystical Body of Christ.

At a brief business meeting at the end of the retreat, Father Aylward outlined his plans and hopes for the future. A new retreat house with an individual room for each retreatant is his ultimate objective. In the meantime he said, some temporary additions may be made to accommodate the continued growth in the number of retreatants. One possibility being considered is the remodeling of the upper floor of the garage on the property to provide additional rooms for retreatants. Another possibility under discussion is an addition of two or three rooms to the present house.

At the meeting the following committee was elected to serve the St. Ambrose group next year: B. E. Sanderson, Sr., chairman; J. Raymond Mooney, secretary; Frank Monahan, treasurer and William Mulvaney, Lewis Mighore, Arlington, DuRocher, Joseph Schultze, William Guffint, John Tierney and James Sharkey.
