Postal Workers Seeking Pay Rise Stress Needs
Readers of the Catholic Courier Journal are asked to support the postal employees in their petition for a pay increase in a letter to the editor signed by W. Leigh Bailey, secretary: Rochester Branch, No. 210, National Association of Letter Carriers.

Pointing the need for the rise, and especially for younger men in the service the letter urges letters to be sent to Congress asking for favorable consideration.

The letter states:
Editor:
The postal employees of the nation are petitioning the Congress for an increase in salary, because of the greatly increased cost of living in the past two years.

They base their claims for salary adjustment on the Department of Labor's cost-of-living index figures, which show that living costs are up 29.9 per cent since January, 1946, when postal employees were granted their last wage increase.

These employees feel the pinch the most are the younger men whose entrance salary is \$21,000 per annum. These men are usually married men with one or two young children and buying their homes.

And from this \$21,000 must be taken six per cent for retirement and of course, that withholding tax, so with such a low take home pay it is not hard to understand why it is many parts of the country the Post Office Department finds it impossible to induce young men to enter the Postal Service as a career.

Men enter the Postal Service at salary grade 1 and can only advance one grade a year until they have reached grade 11.

Older men in the Service find it impossible to save even at the top salary grade and many, no doubt, who have reached the retirement age, are afraid to give up their employment for a pension.

With living costs adjusted to a reasonable figure many of our senior men would take retirement immediately upon reaching the age of sixty years, the retirement age, thus creating openings for young men.

As Congress is the only

Blood Donations Set in Fairport
Residents of the Fairport and Perinton area will have an opportunity to give blood to the Red Cross Blood Bank for the use of people in the Fairport-Perinton section when the mobile blood bank unit visits Fairport, Wednesday, May 19.

Donors of blood may be saving lives, the Red Cross asserts, for their gift will be kept for emergency use in hospitals and for transfusions and surgical treatments. Unless the supply of whole blood is maintained by public generosity, the program of free service for any blood need will fail.

Appointments to give a pint of blood on May 19 may be made this week by calling Fairport 197 or 452.
