Bible Dramas Aired; Father Sullivan To Be Interviewed

The Greatest Story Ever Told, described as the "outstanding religious radio creation of our time," begins its third year of broadcasts this Sunday, Sept. 12, at 6:30 p. m. on the ABC network, heard locally through Rochester Station WARC (950kc.) with a Biblical drama, "Of Such Is the Kingdom."

Based on Our Lord's quotation "Suffer the little children to come unto Me and forbid them not; for of such is the kingdom of Heaven," the program dramatically illustrates the application of Christ's words on love for children.

Each Sunday's play, always laid in the Palestine setting of Christ's day, makes Bible history real by showing the lives of the people He knew and the impact of His teachings upon their actions.

A story of family life in which "Father" believes mother's place is in the home and "Mother" is projected into business through a surprise gift, the plot has humorous turns which uphold the slogan, "A family that prays together, stays together."

Geneva Station WGVA rebroadcasts the Family Theater on Sunday evenings at 8 p. m.

British Learn Aims of Legion

London (NC) — Magr. John Devlin, Hollywood pastor and adviser to the Legion of Decency, lectured on the Legion's aims and methods at the first annual summer conference of Britain's Catholic Film Society held in London.

The Legion's purpose, Monsignor Devlin said, is single-minded and has been strictly defined by the Bishops of the United States as "the evaluation of feature length motion pictures according to the standards of Christian morality."

Correlated problems, such as the stars' private lives, and the books on which films may be based (though recognized as important, are outside the scope of the Legion's work, he said.

HOLLYWOOD PRODUCERS are realistic, he said, and so they are going to make an effort to offend the susceptibilities of any large group of cinema-goers.

Hinton, who was accompanied on the survey trip by John F. Hickey of New York, NCCS Executive Committee member, said that commanding officers, chaplains and GIs in Europe expressed interest in the reactivity of the USO and what it could mean for them.

For the last year the Army has been operating its own recreational and service clubs in the European occupation areas. It now has 106 of these units, for the most part former Red Cross clubs. The Army's special services division also has set up 213 recreational libraries in Europe, Hinton reported.

A Variety Film Distributor's picture, the film is based on Alessandro Manzoni's famous Italian novel "The Betrothed." John Erskine, noted author and educator, wrote the subtitles for the film, which depicts the influence of the Catholic Church in the days of Italian feudalism.

One of the very few European motion pictures to rate the Legion of Decency green light, "The Spirit and the Flesh" will have its U. S. premiere in New York soon, Valentino Bros. is the producer.

Decency League Rates Italian Movie A-1

The Italian movie "The Spirit and the Flesh" has been rated "morally unobjectionable for general patronage" and classified "A-1" by the National Legion of Decency, in cooperation with the International Federation of Catholic Alumnae.

Pretrial Evidence Given in N. Mexico Garbed Nun Case

Santa Fe, N. M. — (RNS) — Judge E. T. Hensley, Jr., of Portales, scheduled to hear the Dixon school suit on Sept. 27, held a pretrial conference here for attorneys who are participants in the suit.

Judge Hensley made no detailed announcement following the conference, but said aspects of the case were discussed and issues defined to be presented at the trial.

Judge Hensley ordered defendants to answer certain interrogatories, yet unanswered, as presented by the plaintiffs. These answers must be filed by Sept. 20 or the defendants must produce witnesses in court on Sept. 27.

(Under New Mexico law interrogatories and answers may be submitted to the court prior to the trial and thereby eliminate calling witnesses to testify.)

Popularly known in New Mexico as the "Dixon suit," the action would bar the hiring of garbed Catholic nuns and brothers to teach in public schools of the state.

U. S. Thanked by German Cardinal

Germany — (NC) — A tribute was rendered especially to the Catholics of the United States by His Eminence Joseph Cardinal Frings, Archbishop of Cologne, who spoke at the closing ceremony of the annual conference of the German Hierarchy here today.

"In the name of the German Bishops and the Catholics of Germany I wish to express heartfelt thanks to our benefactors all over the world. After our collapse no end of gifts reached Rome from everywhere, but foremost and unparalleled from the United States, and the Holy Father distributed them wherever the need was greatest," he said.

Debutante's Vocation Puzzles Socialites

New York — (NC) — Wide-spread interest has been aroused here by the decision of Miss Constance Murray, a debutante of last season, to enter the Holy Child sisterhood as a postulant next month.

The 19-year-old girl, who is one of the granddaughters of the late Thomas Edgway Murray, inventor and official of the New York Edison Company, returned recently from a European tour.

She plans to become a postulant at the convent of the Holy Child, Sharon, Pa., on Sept. 15, three days after serving as bridesmaid for one of her sisters in Southampton, L. I., where the Murrys have a large summer home.

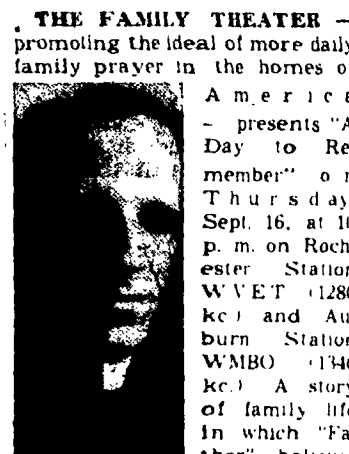

The congregation she has chosen to enter is a teaching order devoted to the education of girls.
