New \$5,000 Church Organ Installed in Holy Cross

The new church organ, built and installed in Holy Cross Church, Lake Avenue by the Tellers Organ Company of Erie, Pa., at a cost of \$5,000 was put in service for the Midnight Mass Christmas Day.

Professor Leon Achem was the organist and Sister Mary Ellen, R.S.M. directed the Girls' Choir. PROFESSOR PHILIP BRECKEL, organist of St. Boniface Church and composer of many musical works for the organ, will play the new instrument at each Mass, Sunday, Jan. 16.

The new organ in respect to size, scale of pipes and quality of stops is especially adapted to the size of the church. There are two manuals and pedal, and the action is of the finest electro-pneumatic type. It contains all the important stops such as diapason, flute, string and reed tones, also the important mixtures in the upper and lower registers.

The whole organ is controlled by a balanced expression pedal which makes it possible to secure the most delicate shading. It also contains a crescendo, and diminishing pedal which makes it possible to increase or diminish the dynamics of the instrument.

Some of the larger pipes form a beautiful display in gold colors with artistic grille and casework of solid rich oak to harmonize with the color scheme and architecture of the church.

The three stained glass windows in the choir loft which had been hidden by the old organ are now visible for the first time. The Tellers Organ Co. deserves hearty congratulations for a splendid and artistic achievement, according to the Rt. Rev. Magr. Lawrence B. Casey, pastor.
