

Waterloo Church Interior Extensively Transformed

Waterloo—St. Mary's Church at Waterloo, has practically completed a program of extensive repairs and alterations under the supervision of Rev. George T. McCall, Pastor.

Sometime ago a campaign was carried on by the members of the parish to raise money to do the work and the cost has run close to \$20,000.

This is the first time since the church was erected in 1888 that any large amount of work has been done on it. The side altars have been moved outside the altar, to the place where the confessionals formerly stood. The confessionals have been placed in the rear of the Church. The large crucifix which stood over the high altar has been raised above the sanctuary in the dome. An entirely new system of wiring throughout the building has been completed and all fixtures are new.

R. Altissimi and Sons of Rochester have handled the decorations. Paul Cooper, Rochester, is the contractor. Franklin Lamp has installed the wiring and William Van Riper did the mason work.

ST. MARY'S PARISH dates back to 1840 when Rev. Thomas O'Flaherty founded the first parish. At that time a small Church was erected to the south of the present structure and after erection of the new church, the building was used for the first Catholic school. Later it was used as a hall and when the building had outworn its usefulness, was torn down. The present St. Mary's Church was erected during the pastorate of Rev. L. A. Lambert. Additions were made under the management of Rev. James Harrington, who for many years served the Parish. He was succeeded by Rev. Coleman F. O'Loughlin, who served as Pastor until his death. Father McCall was next in line, coming to Waterloo in June of 1929.

Father McCall served at Holy Family Church, Auburn for two years, at St. Mary's Church, Rochester, for four years and was Pastor of St. Michael's Church in Livonia Center, for fourteen years previous to coming to Waterloo.

Sally, Student Nurse, In Maternity Ward

By EVELYN MCCARTHY, B.S., R.N.

Sally's next role as a student nurse was that of assisting in the birth of a tiny child, as he makes his grand entrance on the stage of life. She had always looked upon this great act as a miracle performed for the purpose of adding a new life to the world.

Her first day was one full of expectation and wonderment, as she was met by the Sister in charge who proceeded to instruct her in the duties of a Maternity nurse. She took Sally to all the rooms on the first floor, and in each of these, she found a smiling young woman, whose happiness appeared to linger. They greeted Sally as if they had expected her, and she returned their kindness by telling them of her delight in being there.
