School Aid Fund Split by Senate

 annually, saving the question of funds for nonpublic schools to the individual States.

In a statement released January 11, the NCWC Department of Education stated that "at the very minimum" federal aid to nonpublic school children should include such benefits and services as transportation, textbooks, health care and recreational facilities.

Federal aid, the Education Department charged, which fails to include these provisions for all children is "unjustly discriminatory and should be defeated."

THE SENATE COMMITTEE has had before it a measure introduced by Senators Brien McMahon of Connecticut and Edwin C. Johnson of Colorado which would have provided health and welfare services to children in all schools as an integral part of a \$25 million dollar a year Federal aid to education program. This bill has been passed over.

Where state laws prohibited disbursement of public funds to nonpublic schools the McMahon-Johnson bill authorized the U. S. Commissioner of Education to withhold a proportionate amount for the children in these schools and pay the amount directly to the schools concerned.

 horrified by these developments, and fully comprehend the threat they constitute to free institutions everywhere."

THE UNITED STATES, he disclosed, is consulting with Great Britain and France on the question of joint action of protest to the Hungarian government and submission of the whole matter to the UN.

The State Department said Wednesday it had received more than 14,000 protests against the treatment of Cardinal Mindszenty.

Acheson strongly charged that the hand of Moscow manipulated the trial, by stating that the Hungarian authorities are "Soviet-controlled" and are seeking to "discredit and coerce religious leadership in Hungary in order to remove the source of moral resistance to Communism."

IN A SPECIAL broadcast following the trial, Francis Cardinal Spellman declared:

"The life sentence imposed on Cardinal Mindszenty is but prolonged murder. It means an extension of living death, misery, agonized pain, terror and torture. I tell you that life in a Communist prison is far more miserable and his martyrdom greater than the death sentence."

IN WASHINGTON, the House of Representatives passed a unanimous resolution condemning the Cardinal's conviction and the House Foreign Affairs Committee called for United Nations intervention in the case.

Senators Saltonstall, Bridges, Lodge, Smith and Tobey sponsored a resolution in the Senate urging the U. S. to condemn "as unjust the arrest, confinement and trial" of the Primate.

England reported a huge demonstration in London's Albert Hall where 7,000 heard the case assailed by British Bishops and political leaders. Some 20,000 were turned away. Prime Minister Bevin charged that the Budapest trial was in violation of treaty agreements with Great Britain and "repugnant" to democratic principles. The government views the action of the Hungarians with "profound indignation," he said.

IN NEW YORK, resignation of five Hungarian officials followed hard on an orderly but highly impressive demonstration before New York's City Hall, where thousands gathered to request the city administration for an official protest. Two other Hungarian officials resigned from the Washington legation and two consular aides quit in Cleveland. Mayor William O'Dwyer of

New York asked Secretary of State Acheson to prevent what he called the "lynching of Cardinal Mindszenty" by vigorous official protest.

Rep. Kenneth E. Keating, Rochester Republican, reintroduced a resolution in the House that all UN charter violation issues be submitted to the UN General Assembly. He branded the sentencing of Archbishop Stepinac of Yugoslavia as a "travesty on justice" and the trial of Cardinal Mindszenty as a "distortion of truth and justice."

The New York State Legislature in Albany sent President Truman and Congress resolutions asking that the "torture and drugging of Cardinal Mindszenty" be investigated by the UN.

Common Cause, an anti-totalitarian organization in New York City, declared: "The persecution of one Church is the persecution of all. The Cardinal is a true martyr to the cause of human freedom."

Prelate Receives Life for 'Treason'

 of the Hapsburg monarchy and of illegal trading in dollars.

The Communist-dominated Court laid part of the Cardinal's troubles to the United States and charged that U. S. Minister Selden Chapin, had a "great role" in the prelate's treasonous activities. Chapin who was denied admittance to the trial commented: "These allegations are nonsense and pure fantasy."

Despite a letter written before the trial in which Cardinal Mindszenty warned intimates not to accept as true or "freely composed" any "confessions" allegedly made by him after his arrest, the primate admitted in court, "I am guilty in principle and in detail of most of the accusations made."

"But," he added, "I cannot accept the conclusion of having participated in a plot to overthrow the government."

IN A LETTER read to the court by the Minister of Justice on the first day of the trial, the Cardinal asked for a separate trial and offered "to withdraw from the practice of my position" (as Cardinal) if it would facilitate making an agreement of peace between Church and State which, he said, "I will willingly participate in."

On the final day of the trial Cardinal Mindszenty, clad in black cassock, was permitted to make a twenty-five minute appeal. He said he had never wanted to come into conflict with the laws of the state. He declared he did not regard himself as being or having been a foe of the people of Hungary.

"I THANK GOD," he stated, "that in the course of the investigation of my own severe conscience, I did not prove to be an enemy of the people. I was never against peace between church and state but I emphasized conditions and did want to have a lasting peace."

"God give peace in these days," he concluded. "I ask this peace for my Church, my love for which I brought here, too for the Hungarian state toward which I showed my obedience and peace for my own soul."

CHURCH BEGUN AT HIROSHIMA

Cleveland — Contributions toward construction of a \$200,000 memorial church on the spot in Hiroshima, Japan, where the atom bomb struck, are being sought throughout the world, according to the Rev. Father Daniel O.F.M., director of the Third Order of Franciscans.

Dedicated to world peace in memory of the thousands who lost their lives here, the church, to be the Cathedral of Hiroshima, was begun this month and is expected to be completed in 1950. It has received the blessing of Pope Pius XII.

The church proper, with a 150-foot tower, will be 80 by 200 feet. Retreats and lectures will be held in an adjacent memorial hall. At the side of the church will be a perpetual adoration chapel, where adorners will pray daily around the clock.

"WE DO NOT know," Father Daniel's announcement said, "from where Divine Providence will send us the finances for this world-peace influence. But with prayer and trust, we are beginning confident that God will inspire benefactors who wish to share in the perpetuity of great spiritual benefits."

Memorial contributions for servicemen and women should be designated carefully as such. Father Daniel stated. Checks should be made payable to Father Daniel, O.F.M., 2543 East 23rd St., Cleveland 15, Ohio.
