They will preach Christ in Your Name-if you join the BASILIANS-our dollar-a-month club for badly needed schools Archbishop Abed of Tripoli asks eight hundred dollars for a school to convert the Alaouites. Your voice will thunder down the years, long after you are dead and gone-if you can help him.

GOD LOVES THIS GIFT

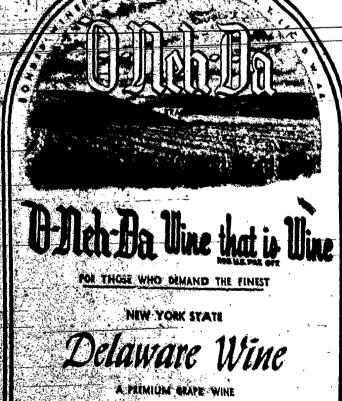

God loves the gift that comes without strings—which we can send at once, wherever God wants it most! . . It is pleasant indeed to choose the one who will profit by your charity. But some day-som time-in Heaven our Stringless Givers will know why God rewards most generously the giver of gifts without strings or limitations. And that applies to every stringless gift whether it is one dollar, ten or a thousand.

"I WRITE WITH TEARS!"

"Forgive the spots-I write with tears in my eyes-that will not stop-when I think how good your American Catholics have been to our Refugee Priests, who sadly wait for a day they may never see —the day of returning home."... Fr. Dlussky—to whom we ship Food Packages every month for the Priest Refugees in Germany—wrote those words. Till every priest finds a place where he may do God's work—near or far from home—we must help them. . . A Food Package costs us tem dollars. Every Mass offering helps these priests. Please do not forget them?
