Priests Refused Permits To Visit Shrines in Israeli Area

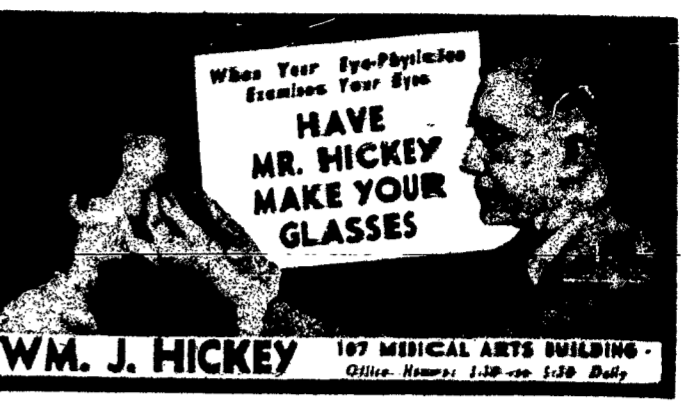

Amman, Jordan — The requests of three priests for permits to visit shrines in Israeli territory were either flatly rejected or remained unanswered this week.

McCormack Calls Aid Bill Unfair

Near East Missions

Doctors - Lawyers - Teachers
Monsignor McMahon's first letter from the Holy Land arrived this morning. Nothing about himself—all about the Refugees! He says "A surprisingly large number of these refugees were professional men, doctors, lawyers, teachers. Even when they fled from their homes, they had something! Now they have nothing." If this be the plight of the recognized leaders of each community—you can imagine the desperate situation of the others... Forgive us—if we repeat... You have never known the anxiety, the fear, the hunger, the heart sickness, the homesickness of these poor refugees! ... God wants you to help them! Please send us your gift of Charity—today!

THE SAINT OF PENITENTS
Most of us have—way down deep—a kindly feeling for Mary Magdalene whose feast comes on July 22. We have something in common with her—Our Sins... We should have in common with her—her repentance and wonderful atonement... A Mass Kit (costing seventy-five dollars) will enable one of our priests of the Latin Patriarchate to offer many Masses of Atonement in your name. Could you give one?

OUR LADY ASKS FOR CARMEL
On the coming feast of Our Lady of Mt. Carmel—July 26th—we hope to send substantial aid to Our Lady's daughter in all the Carmels of Palestine. So in Our Lady's name, we beg aid for these cloistered nuns... Believe it or not they are actually suffering from malnutrition and hunger... They gladly "fast" according to their Holy Rule and discipline. A Food Package costs only ten dollars. Will you provide one—for Our Lady of Mt. Carmel?

TRULY MODEST
The most modest request that we have received in many a day comes from the pastor of Amouda in Syria. Thanks to his zeal, the parishioners have themselves—built a school out of the native rock... Now he needs eighty dollars for desks and equipment for his pupils—Catholic, Armenian and Orthodox... Surely someone will answer this modest appeal! Will you provide the means—that once again Christ may gather the little ones into His flock?

BEN DAVID
His full name is Benjamin David—and he has been accepted at the famous Patriarchal Seminary at Mossul—provided we can find a sponsor to adopt him for his six year Seminary Course. He is a Catholic Caidan who has completed all preliminary studies up to Philosophy. He will gladly become your adopted priestly son in God's service—if you provide for his tuition and training, during the next six years. One hundred dollars each year or a lump sum of six hundred will make him a priest and make you His adopted father or mother.

UNFINISHED SYMPHONY
Archbishop Toulongny of Rome has sent us five photographs of the roofless, unfinished church at Koussair. It is just another unfinished symphony. The local clergy and laity can do no more... We will send these five pictures and a later picture when the Church is finished—public school assistance—this is not in fact truly representative of Federal aid to education for the benefit of all our citizens.

DOLL-A-MON CLUBS
Our dollar a month clubs have done great things for God—the Church and souls! 1) ORPHAN'S BREAD buys food for abandoned children 2) THE CHRYSOSOMAS Club pays for training of priests 3) MARY'S BARK supports—novices and postulants for the religious life 4) THE BASILIANS CLUB aids needy Near East schools 5) MONICA GUILD buys linens, thread vestments for our poor working priests and devoted sisters. Please become a Doll-A-Mon Member.

Burnt Out Incense
Why do so many men join the renowned Trappist Monastery at Killybegs? What makes them—the desert of Carraig, layers and incense, and all that? It's not to be added to the list of men who are to be burnt out in the service of God. The answer, himself a Trappist and writer of such well-known books as "The Family The Overseas Order," "The Trappist Rule," etc., has written the book in answer to this provocative question. Here is a moving history of the American epoch in the life of Claret—the founding and growth of Claretian life in America—a vivid affirmation of the principles of Claret that move these men, and of the faith that built this monastery.

NEA Dodges Stand on Buses

(Continued from Page 1)
and called upon the NEA to show that it believes: "1) Equal educational opportunities should be made available for all the children of this great country regardless of race, creed or color; 2) An educated citizen is essential to the preservation of our priceless democracy; 3) The parent has the right to choose the type of education for his child; and 4) The government has the obligation to help support this educational program for all its citizens." MR. ROBINSON continued: "Let us examine the very reasonable requests of those who oppose the Barden Bill. We propose and urge the passage of a Federal aid bill which guarantees health and transportation services and non-religious texts for the children in non-public schools. The Fogarty Bill, H.R. 1570, introduced on January 17, 1949, provides for the aforementioned items the Barden Bill introduced on May 11, 1949, not only does not provide for them, but specifies that none of the money allotted by this bill may be used for them."
