Mass Marks Golden Wedding Of Mr. and Mrs. P. J. Farrell

Renewal of their wedding vows preceded a High Mass of Thanksgiving in Holy Rosary Church on Sunday, Aug. 14, as Mr. and Mrs. Patrick A. Farrell, 74 Starling St., marked their golden wedding anniversary.

The Rt. Rev. Msgr. Charles F. Shay, pastor, celebrated the Mass, at which several of the 43-member Farrell can offer their Holy Communion intentions for the continued health of the jubilarians. Prior to the Mass, the couple was blessed by Monsignor Shay at the altar rail.

THROUGHOUT THE DAY the couple received friends at their home. The Farrells number six sons, three daughters, 30 grandchildren and two great-grandchildren.

The 70-year-old Patrick and 71-year-old Anne Farrell came to America with three children in 1906. Patrick had been a blacksmith in Mullingar, County West Meath, Ireland. He landed a \$10-weekly job as a Spring Street blacksmith shop. From 1910 to 1931 Patrick plied his trade in his own shop on Buffalo Road.

For the last 14 years he has been a city employe at the Water Works, fixing everything from shovels to snowplows. Retirement? "I've worked too hard all my life to just up and quit and sit doing nothing," Farrell says. Adds Mrs. Farrell "Retirement will come soon enough for us in a peaceful way. Right now we have too much left to do."

Trained Bears Set At Roseland

Three big, brown bears who cavort and play and appear to be as docile as kittens at play, will thrill visitors to Roseland Park, Canandaigua next week with their remarkable and varied tricks.

The bears, stars of Johnny Wold's bear act, perform difficult tricks, including riding a bicycle and auto and drinking milk from a bottle.

Two of the big, lumbering fellows ride tandem in a "Bicycle Built for Two" number which always is one of the favorite tricks of the act. The bears go through the act with the ease and grace of human performers.

This act will be at Roseland through Sunday, September 3 with two free performances scheduled nightly.

TESTING FOR HEARING LOSS

To show his students at the Catholic University's Deaf and Hard-of-Hearing Institute, Washington, D. C., how degrees of hearing impairment can be determined, Rev. Paul F. Klenke gives an audiometric test to a 12-year-old boy. Father Klenke, who is principal of St. Rita's School for the Deaf, Cincinnati, urges yearly testing for all school children, in order to discover hearing losses. (NO Photos)
