St. Mary's Spurs Million Dollar Building Program

The second major phase of a vast renovation and rebuilding program in St. Mary's Parish, Elmira, will get under way this week when ground is broken for a new combination gymnasium and auditorium to be located at the corner of Franklin and Fulton Streets, according to the Rev. Thomas J. Toole, pastor.

The new structure will face on Franklin Street and measure 80 by 175 feet. When completed around the first of the year it will be a fully contained unit for all parish activities.

A completely modern gymnasium 121 by 80 feet with an auditorium seating capacity of 2,000, a stage 30 by 20 feet, directors room, kitchen facilities ample enough for dinners or large banquets will be found on the first floor.

The basement will have 12 bowling alleys, locker rooms and shower facilities.

THE BUILDING will be of cinder block construction faced with brick. A new heating plant of the latest design will be installed and will have sufficient capacity to take care of the demands to be made by the erection of a new school in the near future.

At this time a new addition is being built on the convent to accommodate a total of 21 Sisters, the increase in Sisters being necessary due to the all time high enrollment at the school.

The new wing to the convent is 70 by 34 feet and will include 3 sleeping rooms with running water and toilet facilities and a community room. This construction will be of brick to conform to the present building and will be completed by Christmas.

During the summer vacation

THE TOTAL COST of the addition to the convent and the erection of the new gymnasium and auditorium will approximate \$250,000.00. In the six years that Father Toole has been pastor a great many changes have been made to the properties which included complete rebuilding and redecoration of the church, the addition of new marble altars, new pews, confessionals, floors and carpeting. Baptistry, erection of new sacristies on both sides of the sanctuary, rest rooms, new lights and heating system.

This work together with the renovation of the school and convent represented an outlay of \$250,000.00.

The master plan drawn up by Father Toole shortly after he became pastor calls for the erection of a new school and a new rectory to be constructed within the next five years. This will be the final major building program of the parish and when completed will represent an outlay of close to one million dollars.

Radio Editor Cites Network Advances
 With no "soap operas" on the program, the American Broadcast Company has increased its share of audience listening from 12.3 percent to 25 percent in six years.

This was told a press group at Sheraton Hotel by Jack Tracy, trade news editor of the American Broadcasting Company.

Outlining progress in television, Tracy said ABC has already invested \$7,000,000 and plans more as video progresses.

President Samuel W. Towns, of Station WARC, Rochester, ABC affiliate, emphasized that the local station presents news strictly factual. He reminded that ABC was formerly the Blue Network.

FOR BATTLEFIELD SHRINE

In the Sanctuary Cathedral, Chlo. Claude G. Bowers, U. S. Ambassador to Chile, presents the country's flag to Our Lady of Mount Carmel, following a flag blessing ceremony there performed by His Eminence Jose Maria Cardinal Caro. Flags of all the Americas will rest at the National Shrine of Our Lady at Mount Carmel, where, in 1815, Bernard O'Higgins and Jose de San Martin gained the independence of Chile. The American flag was the gift of St. Matthew's Cathedral, Washington. Left to right: Ambassador Bowers, Lieut. Col. Jay Paul Thomas, Air Force attaché at the U. S. CLASSMATE FROM ENGLAND

The Rev. Thomas J. Toole, pastor of St. Mary's Church, Elmira, (left) poses with his Cambridge University classmate, Rev. Howard J. Joyce visiting him on sick leave from Westminster Archdiocese, England.

Catholic Life In Elmira Edifies English Priest

Classmates in Cambridge University, England, in 1926 and 1927 are reunited at St. Mary's Church, Elmira, again after 18 years.

They are the Rev. Thomas J. Toole, pastor of St. Mary's Church, Elmira, host and the Rev. Howard J. Joyce who has come from the Archdiocese of Westminster, England.

Here on a sick leave, Father Joyce has expressed himself as greatly edified with the spiritual life of American Catholics. The vast numbers attending church services and receiving the Sacraments have deeply impressed him, Father Joyce states.

Discussing Catholicism in England, the visiting priest notes

a strong tendency to the return to the faith by many in his native land. He added that this is so despite the fact that religion in general is showing a tendency to wane.

A TOTAL OF 97 converts embraced the faith in the small parish in which Father Joyce is located last year, he said.

Following ordination the young British priest was assigned to St. Edmund's Seminary at Ware, England, where he was Choral Master, Science Master and House Master.

For the past several years Father Joyce has been in ill health which necessitated a drastic curtailment of his active career in teaching. Since coming to Elmira he has noted a remarkable improvement in his general health.

Dipson-Lyell Lists 'Joan of Arc' Showing
 The Sierra Pictures' technical triumph, "Joan of Arc" will return for one day's showing at the Dipson-Lyell Theater, Thursday, Oct. 20 only.

Throughs hailed the motion picture wherever shown throughout the country.

Describing the film, "The Sign" magazine states:

"With all the Technicolor splendor that only the screen can conjure, the story of the humble peasant girl is told from the days in Lorraine through the brief, tumultuous years to the stake at Rouen.

"It is depicted in broad, sweeping strokes, at times on a breathtaking scale, often with equally impressive austerity."
