Marriages, Births Declining

A marked decline in marriages, a downward trend in the birth rate and no let-up in the activites of birth control advocates during the past year is noted in the annual report of the Family Life Burhau of the National Catholic

Welfare Conference. The report recommended as a means of furthering family life: development of diocesan'wide family life programa; extension of marriage preparation courses now of fered to girls and boys and an increase in high school courses on marriage and the

family. Promotion of an interest among men's organizations in the family life movement, and the fostering of a greater interest in the family life program among priests and students for the priesthood are

Because by the fact that NCCS represen tatives have been appointed for sideration will have to be given each of the R5 VA hospitals by previous year which also had set to the invitations the agency their respective Ordinaries, the

tive bargaining realizing from retenties of the Taft - Hartier Art and an untriment in in errarial relations were noted in the annual report of the Social Action Department NCWC, by Archbishop Patrick A O'Bovle of Washington Episcopal Chairmar

Rochester, N. Y.

The report also included a sur vey of the year's activities by the Family Life Bureau and the Bureau of Health and Hospitals It was noted that the Social Action Department has joined the International Christian Soc tal Association with headquart ers in Europe "which may develop into something very much worth while for the world as a whole' and may sponsor a world social action meeting in Rome during the Holy Year

The report stated that retention of the Taft-Hartley Act "has all but destroyed the earlier drive of the labor movement and some employers (and farmers and professionals) for the wider labor management cooperation of the Encyclical program to handle justly all economic life. The long-time evils of the Taft-Hartley Act are far worse than the shorttime evils; the short-time evila have been largely crased by the great employment-which, however, is temporary."

Regarding unemployment. the report asserted: "This was be expected because the same 10,000,000 who were out of work in 1939 were employed thereafter only by the war and the cold war, and the populaadds that some 4.000.000 many others are on short

Papal Nuncio Speaks

Archbishop Marina Papal Nuncio to Lebanon (truty ane of God's nablement writes to our president Cardinal Spellman thus: "The problem of the Pelestinian refugees is overwhelming. It has caused me countless anguished moments. I have tried to bring some of Christ's merciful kindness to these poorest of God's poor-but I am tortured by the thought that I have not done enough. Dozens of times each day | pray 'God help me in my weakness and my poverty!' But I never stop begging God's help for these homeless, hungry people-who plead for aid in the name of Jesus and the Madonne." ... Surely you will enswer this appeal Give what you can-one dollar-five-one hundred.
