GOD LOVE YOU!

By RT. REV. MSGR. FULTON J. SHEEN

WHEN YOU WAKE up in the morning promise God that you will make the day blessed for a fellow creature, by a kind word to the sorrowful or a sacrifice for the starving of India. Suppose you lived thirty years after you took the resolution; you will have made 10,957 persons happy — at least for a time . . . GOD LOVE YOU to M. K. who sold wastepaper and sent the proceeds of $16.73 to the Holy Father's Missions. Thus did she fulfill the words of Our Lord: "Gather ye up the fragments that none be wasted." . . . A good Catholic family in south Korea by the name of Chang will take in as many Catholic war-orphans as they are able to feed: but their own slim resources were lost in the war. For $20 a month they can "adopt" another homeless Catholic child . . . GOD LOVE YOU to the veteran of CBI who sends his whole "disability" allowance to us every week to spread the faith in the countries where he fought in World War II.

A SICKLY BABY in Bombay can be bought from his parents for twenty dollars by a street-beggar who wishes to appear more pitiful by carrying an ailing child. For the same $20 a Catholic mission nun can buy the child and bring it up within a safe and happy orphanage. Will your $20 buy anything as precious if you keep it here? . . . GOD LOVE YOU to A.V.B. who found $5.00 in the pantry and sent it to the Holy Father's Missions. May she inspire our readers to look in their cookie jars! . . . Money talks. Money for the Missions talks to God in accents He is glad to hear. It says, "Thank you, dear Lord, for Your many blessings." . . . GOD LOVE YOU to Anne, aged eight, whose mother told her the radio program she was dialing was Fulton Lewis Jr. — whereupon Anne asked, "Is that the Blessed Mother's friend?" . . . Why not have Mass offered for yourself or your deceased relatives by a missionary in Africa, or India or anywhere in the Missionary world . . . GOD LOVE YOU to the dozen seamstresses and office girls who sent two dollars each for World Mission Rosaries. Then they asked permission of their boss if they could meet in the plant auditorium everyday at noon and recite their Rosaries for peace. Within four days five hundred men and women had joined them.

ATTENTION, MOTHERS! Medical Sisters in Africa act as midwives among Moslem women whose religion forbids them to receive a male doctor. Many converts are made as a by-product of their work. These Sisters beg us to send them a $50 kit of medical supplies . . . GOD LOVE YOU to Mrs. W. B. whose daughter visited her in Chicago and who took her to dinner, gave her $10 and tickets to "South Pacific." She sent the Holy Father's Missions the $10 and we hope he sends it to the real South Pacific . . . Lend-lease is not a new idea in history - - all alms are loans to God, the Greatest Usurer, who pays them back in spiritual coin . . . GOD LOVE YOU to J. C. a dentist who sent $490 to the Holy Father's Missions. May he be blessed with leisure to play golf and fill 18 cavities a day . . . Blinded by the atomic bomb at Nagasaki, 25 children have only two possible courses open to them now: begging or Braille. If they learn how to "read" with their fingers, they can support themselves; if they do not, they are condemned to street-corner appeals for their daily bread. For $75 the missioners in Japan can care for a child long enough to start him learning Braille.

IF BURNING COALS are separated they are easily extinguished. That is why the Holy Father has a Society for the Propagation of the Faith, to keep the separate loves of each of us for the missions burning together in his hearth. Your charities to His Missions in Christ's name send to Rt. Rev. Msgr. Fulton J. Sheen, National Director, 109 East 38th Street, New York 16 or your Diocesan Director, Very Rev. Msgr. John S. Randall, 50 Chestnut Street, Rochester 4, New York.

Priest, Dachau Camp Hero, Arrives In U. S. As DP

New York — (NC) — The Rev. Josef Lach, 45, a Polish priest who risked his life to bring spiritual comfort to his fellow prisoners in the notorious Dachau concentration camp during World War II, has arrived in this country as a displaced person.

Father Lach will start life anew in Texas. His arrival in this country was sponsored by Bishop Joseph P. Lynch of Dallas and War Relief Services — National Catholic Welfare Conference.

Father Lach was arrested by the Gestapo in Poland in 1941 and with a number of other priests was put into the Dachau concentration camp. Religious services in the camp had been forbidden by the nazis and the penalty for violating the rule was death.

During his four years in the camp, Father Lach heard Confessions, offered Mass secretly and otherwise administered to his fellow prisoners.

After the war, unable to return to his communist dominated homeland, he came under the care of the International Refugee Organization as a displaced person. While awaiting the opportunity to come to this country, he served as a chaplain in a DP camp and also aided the work of Caritas in the British zone of Germany.

St. Louis University To Microfilm Vatican Library

St. Louis — (NC) — Library officials of Saint Louis University will soon commence a 35-month project, to microfilm the complete manuscript collection of the Vatican library. The manuscript materials represent the world's richest collection, documenting the intellectual, spiritual and cultural heritage of the West.

THE ANNOUNCEMENT was made by the Very Rev. Paul C. Reinert, S. J., president of the university. He said that the university had received exclusive permission from the Holy See to proceed with the project.

The Revs. Lowrie J. Daly, S.J., of the curriculum of Medieval Studies, and Joseph P. Donnelly, S.J., director of libraries will supervise the microfilming proceedings in Rome. Both are Saint Louis University faculty members.

The task will involve some 42,000 manuscripts, with an estimated ten million pages, and will cost about $150,000. Father Reinert stated that means to finance the project are being sought.

THE COMPLETION of the work will mean that for the first time American scholars in the United States can have access to this great mass of priceless material for linguistic, literary and classical studies, for jurisprudence, philosophy and its history, the history of science and the general history of the Western world.

"The addition of these treasures of Western culture to the Saint Louis University Libraries will certainly add substantially to the city's reputation as a center of learning and make it one of the most important library centers in the United States," Father Reinert declared. "In effect, this project will bring the Vatican Library collection right into our very midst."
