

GOD LOVE YOU!

By MOST REV. FULTON J. SHEEN

Friends are of three kinds. Those who give you pleasure; those who can give it to you for wholesale; and those who sacrifice themselves for you...

GOD LOVE YOU to the waitress who got \$150 in Workman's Compensation after a fall... and sent it all to give a young seminarian his first year's training for the priesthood overseas...

GOD LOVE YOU to H.M. who writes, "I cannot give even ten cents a day to the Holy Father for His Missions but I can give ten minutes"...

Notice we ask for no gifts but sacrifices. \$2.00 sacrificed for the Holy Father's Missions is worth more than \$20.00 given without reference to the Cross of Our Lord...

Hollywood In Focus

By WILLIAM H. MOORING

Only One Line Fulfills Red Menace Requirement

The immediate objective of a Communist hard core in Hollywood is to bore itself into control of the Screen Writers Guild.

In 1945 I used these words from public platforms throughout the Middle West. I named writers involved in the W. E. Moorings conspiracy.

Having been halted in their plans to get direct Communist propaganda into the movies, the Hollywood 'lefties' now are working towards the inoculation of screenplays with ideas not directly identifiable with Red propaganda...

Both Townsend and Berkeley have suggested that the Hollywood Reds never succeeded in gaining control of the content of motion pictures. It is undeniable, however, that they succeeded in exercising nefarious influence through a number of screenplays.

They now detect political subtleties and sinister designs in which our reviews and comments relative to these films made reference when they first appeared.

The bee which many people suspected we harbored in our bonnet has stung a few Hollywood moguls into action.

At the head of at least two major studios are men who have shared membership with exposed Communists in several left-front organizations.

These men may well have since withdrawn. They may have rejected any part in the conspiracy. In fact, they were ever involved in it but if so they have not volunteered to appear before the Un-American Activities Committee...

The most recent exposures deal with Communists who have been employed in the movies; not with those who gave them employment while having full knowledge of their pro-leftist affiliations.

Even as the committee explodes public sensations one writer with a long list of left front activities, slips into a beautiful and completely "non-political" film, just one line that is typical of the indirect suggestion against which we must now double our guard.

Two characters are discussing a rebellious child. One asks what is to be done with him. To stop rebellion one must remove the cause of rebellion, replies the other.

Moreover it is as easily identifiable as a Communist rabble call as that tune which Communist actor Lionel Stander whistled, all casual like, in one of his films.

The line about rebellion occurs in "The Blue Veil," written by Norman Corwin. He may or may not be called to testify before the Un-American Activities Committee.

AMONG WOMEN

First Saturday

By MARY LINDEN HYMAN

On the first Saturday in October, the eve of the Feast of the Most Holy Rosary, Auburn Diocesan Council will sponsor the first of a series of First Saturday Luncheons...

The purpose is to honor Our Blessed Mother, to answer her appeals, made at Fatima, and to call the attention of others to these. At a recent meeting of the Diocesan Council Board of Directors held at Geneva, women from the various deaneries and districts reported on the success of these luncheons...

The devotion of the First Saturday devotion gathered from the Fatima apparitions includes five decades of the Rosary, Communion of reparation, prayer, and some sacrifice made for the same intention.

Are boys smarter than girls?

Scientific tests prove that boys are smarter than girls. This is not because boys are smarter but because they are given more opportunities to learn.
