

U. S. Hierarchy Warns That God's Law Is Measure of Man's Conduct

(COURIER-JOURNAL Service)
 The U. S. hierarchy of the Roman Catholic Church has issued a warning that the moral standards of the United States are being lowered by the actions of the government and the people. The hierarchy, in a statement issued last week, said that the moral standards of the United States are being lowered by the actions of the government and the people. The hierarchy, in a statement issued last week, said that the moral standards of the United States are being lowered by the actions of the government and the people.

Morally, therefore, viewed in its entirety, has three dimensions: height, depth, and breadth. In its height, it looks up to God the Supreme Being, from Whom it takes the definitive measure of what is true and good. In its depth, it penetrates the heart of man, laying hold of his entire personality so that even his innermost thoughts and motives are subject to its rule. In its breadth, it embraces men in every station and condition of life and establishes mutual rights and duties.

GOD'S WILL: MAN'S MEASURE IN THE MORAL ORDER
 By nature, man is a creature, subject to his Creator and responsible to Him for all his actions. By selfish inclination, at times, he chooses to be something else, assuming the prerogatives of a Creator, establishing his own standards of conduct, and making himself the measure of all things. This proud folly on his part brings discord into his own life, and profoundly affects the whole moral order. Frustration rather than fulfillment becomes his characteristic mark because he does not possess wholly within himself the way to fulfillment. That he can discover only in God's plan.

Man, the Word-made Flesh, "full of grace and truth," dwelling among us to be our Way, our Truth and our Life. Prayer and the Sacraments are the channels through which the grace of Christ comes to elevate human nature until it becomes like unto Him, who is true God and true man. In the supernatural order of grace Christ, the God-man, is the measure of man.

MORALITY AND EDUCATION
 Morality concerned with bringing human activities into conformity with God's will has therefore a bearing on everything that touches human rights and duties. It has a definite place in the educational life of a nation. The formation of character is part of the educational process, and less children are given a good education of what is right and what is wrong. This cannot be done without reference to the ultimate standard which determines right and wrong, namely, God's law.

MORALITY AND ECONOMICS
 Morality has its place in the economic life of a nation. The economic life of a nation is not merely a matter of production and distribution of goods, but it is a matter of justice and equity. The economic life of a nation is not merely a matter of production and distribution of goods, but it is a matter of justice and equity.

MORALITY AND POLITICS
 In politics, the principle is that anything goes. This is the attitude of the modern politician. He is not concerned with the moral standards of his actions, but only with the results. This is the attitude of the modern politician. He is not concerned with the moral standards of his actions, but only with the results.

MORALITY AND RELIGION
 Religion is the foundation of morality. It is the source of the moral standards that govern human life. Religion is the foundation of morality. It is the source of the moral standards that govern human life.

MORALITY AND SOCIETY
 Society is the result of human interaction. It is the product of human choices and actions. Society is the result of human interaction. It is the product of human choices and actions.

Do not all this have a modern ring? Has not a great part of our society been doing and saying much the same thing? With the threat of the barbarian on the outside, does our conduct reflect the sobriety of citizens who are conscious that a bell may be tolling for them and for civilization?

THE MORAL ORDER AND HUMAN REASON
 How does he come to such knowledge? How can man know what is his place in the divine plan, and what is God's will in the moral decisions he is called upon to make? God has endowed man with intelligence. When rightly used and directed, the human intellect can discover certain fundamental spiritual truths and moral principles which will give order and harmony to man's intellectual and moral life.

GOD LOVE YOU!
 By MOST REV. FULTON J. SHEEN

A WOMAN recently came to a prison in China where two men were imprisoned, showing abuse and hatred of religion. The Communists were so pleased, they admitted her to the prison. In the midst of an apparent trade she slipped into the hands of one of the men a capsule it contained the Blessed Sacrament. The man was only an act. GOD LOVE YOU! to W.F. O.B. who received \$40 in health insurance and sent it to the Holy Father's Missions in gratitude for recovery. Does any healthy person want to send a gift in gratitude for not having been sick? Did you make an act of self-denial today going without the extra coke, or cigarette or cocktail? A dollar sacrifice from a million Catholics could do more to save souls in Africa to relieve the persecuted in China, and the starving in India than one million dollars from one giver. GOD LOVE YOU! to M.B. who opened a checking account and drew the first check of \$10 in favor of the Holy Father's Missions. Another else want to exchange her signature on a check for ours in a time of thanks.

DID YOU PRAY for Africa since you saw the news? You would not have forgotten if you had the 2000 beads of the African devotee on the World Mission Rosary. A sacrifice of the World Mission Rosary with a \$2 offering will make 2000 beads for the Holy Father's Missions. No wonder the troops are so speak well of soldiers. It is the advent of Christ that is Jesus to people before they are born to the fact as she is her Son to Elizabeth before He was born. GOD LOVE YOU! to J.S. who sent the Holy Father's Missions \$100 for a year originally to spend on a future peace. We never get tired of the dollar as their charity. There are known to be two authentic Catholic priests in Russia one in Odessa has been in jail since 1942. The second an American in Moscow has been in a world say Mass publicly instead the Church to which he was assigned is under the care of a Latvian priest without pastoral faculties.

Regardless of what the State Department does every American Catholic can send to the Holy Father an Ambassador of love by a gift to his own missions. To be represented through love of the Vatican, tear out this column, put your contribution to it and mail it to the Most Reverend Fulton J. Sheen, National Director of the Society for the Propagation of the Faith, 109 East 38th St., New York 18, New York or your Diocesan Director, Very Rev. Msgr. John S. Randall, 50 Chestnut Street, Rochester, New York.
