Aliens Reminded To Submit Current Address Reports

Attorney General J. Howard McGrath today reminded all aliens that they must submit current address reports through any U. S. Post Office during the period January 1st through January 31st.

Under the amended law any alien residing in the United States on January 1, 1952, except one in an authorized temporary status must notify the Commissioner of Immigration and Naturalization, Washington, D. C. of his current address within ten days thereafter and during the same period in each succeeding year.

ARGYLE R. MACKAY, Commissioner of Immigration and Naturalization stated that the Immigration and Naturalization Service will make available forms for submitting the required reports at all Post Offices through the continental United States, Hawaii, Alaska, Puerto Rico, and the Virgin Islands. The report is to be submitted on form 153, which was made available to the public beginning January 1, 1952.

Mackey also advised aliens that it is to their distinct advantage to promptly notify the Immigration and Naturalization Service in Washington, D. C. of any change of address during the period between annual address reports. This will facilitate and greatly expedite the handling of all records pertaining to aliens and their families.

Mackey emphasized that the address report is an annual requirement and is not to be confused with alien registration. An alien residing in the United States on January 1 must make the address report each and every year regardless of whether or not he previously registered as an alien or previously reported his address.

Except (1) Aliens temporarily admitted to the United States who have not overstayed their authorized period of admission; (2) Students whose period of admission has not expired and who have not violated any of the conditions of their admission.

Mackey pointed out that failure to comply with the above would subject aliens upon conviction, to fines or imprisonment or both.
