Remodeled Main Office Of Union Trust Opens Apr. 7

Modern in every respect, the Union Trust Company of Rochester, remodeled Main Office at 19 Main Street West will be reopened on Monday, April 7.

The bank will be open for public inspection from 10 a. m. until 6 p. m.

Arthur M. R. Hughes, president of the Union Trust Company said today: "One has to see the bank to appreciate all that has been accomplished." He extends a cordial invitation to Rochester area people to visit the bank on reopening day.

The remodeling has been effected through cooperation of bank officers, architects and contractor. In planning the first floor, the aim was to open the banking area to public view. This was accomplished with expanses of glass and Herculeite doors.

AT THE RIGHT OF THE Lobby is the Mortgage department which opens into the main banking area through the officers' platform. To the rear is the President's office and adjacent is the President's Conference Room.

Direct entrance to the banking area is to the left of the lobby. The teller's cages are low and open. Simplicity dominates the entire remodeling project. Teller's cages and waincotting are natural finished walnut.

The basement houses a new vault for the Mortgage and Trust departments, money vault, the safe deposit departments and a completely new and modern lunch room for bank employees.

The second floor contains the trust department, credit department, operations, new business, personnel, bookkeeping and auditing departments.

Almost 30 years to the day, the remodeled office is being opened after the Union Trust Company opened its new home on March 27, 1923, at 19 Main St. West.

AT THAT TIME the officers of the institution were reported as having permitted nothing to stand in the way of their ambition to make the new home one of the most modern banking institutions in the United States.

The Union Trust Company was the first bank in Rochester to adopt a business extension department. This department was organized as the new business and publicity department about four years previous to the opening of the bank's new home in 1922.

Mary Day Parade Planned In Albany

Albany, N. Y. (AP)—An appeal to the faithful of this diocese to organize a parade and prayer period in honor of the Blessed Virgin on May 1 was made by Bishop Edmund F. Gibbons of Albany in the Evangelist, official newspaper of the diocese.

Bishop Gibbons' letter states that plans for the May Day demonstrations will be made by the Mariology Commission of the College of St. Rose and expects the faithful to receive Communion on that day and on the First Friday and First Saturday.

"The spontaneous response to the May Day demonstration which has increased every year," Bishop Gibbons writes, "is proof that this holy event obtains for our diocese and our country the historic intercession of Mary and the cherished blessing of her Divine Son."

Bishop Miller of Montreal, Switzerland (AP)—Bishop Victor Elser of Sitten, dean of the Swiss hierarchy, died at the age of 71. He had been born in 1860 and recently had solemnized the Holy See to appoint an auxiliary.
